## War Without Battles:

Wars Without End Noel Anderson, 2025-01-02 Despite untold human suffering widespread destruction and far reaching destabilization the fires of many of the world's most violent civil wars continue to burn How can we explain costly and stalemated yet seemingly endless conflicts Wars Without End provides an answer Bringing together battlefield bargaining dynamics the escalatory pressures of interstate competition and the systemic dimensions of geopolitical rivalry in civil wars the book challenges traditional conceptions of proxy war by deriving new propositions about the strategic logics that motivate it Combining statistics with detailed case studies it explains how protracted fighting within states is linked to enduring competition between them *Wars Without End: a New Mechanism for World Peace* B.A. Zikria MD FACS, 2020-11-09 After arrival I visited museums and monuments in Washington D C I had a peak experience reading Thomas Jefferson's writing in the dome of the monument I have sworn upon the alter of God eternal hostility against every form of tyranny over the mind of man Ever since my faith in democracy has become unshakable I dedicate this book to the people of America to relit the torch of democracy for its revival and survival In the course of history humanity has struggled to survive to live with less threats exercising its free will for comfort and safety The book is based on all sources of knowledge to find out the probability of victory of constructive forces for peace vs destructive forces to allow the realization of World Peace Professor Audrey Cronin discovered the criteria of permanent neutrality's success for Switzerland Comparing it with Afghanistan she found that there is a good probability for Afghanistan to become a permanently neutral PN nation The author extended the same logic for achieving sustainable World Peace Of 193 member states of United Nation 170 meek nations demanding PN eventually others finding it to their interest also would guarantee their right for permanent neutrality by the Security Council of the United Nations Struggles of the Nations; Or, The Principal Wars, Battles, Sieges, and Treaties of the World Sarah Maria Burnham, 1891 Manual of Political Ethics Francis Lieber, 1876 *Book III.
