Beyond the Minimal Peter Allison, Adolf Krischanitz, Architectural Association (Great Britain), ARTEC (Firm), Pauhof (Firm), 1998 Beyond the Minimal presents four of the most interesting practices in Austria today Artec Adolf Krischanitz PauHof and Riegler Riewe Certain qualities of formal reduction are evident in the work of all four architects but none of them equates minimalism with negation or absence in the sense that the term has been used in writings on architecture They have been brought together because of the affinities in their approach their common interest in materials structure and the contribution of the building to the larger environment Each practice is represented by a survey of around a dozen projects including houses schools offices and exhibition pavilions The survey is complemented by texts that link the work to broader developments in European particularly Swiss architecture

Frugal Minimalist! Discover This Guide About How To Effectively Use Minimalist Techniques For Beginner's Old Natural Ways, 2021-08-30 What is minimalism At its core minimalism involves the use of only the most basic essential elements in design and art In other words minimalism involves art that utilizes the barest of essentials nothing more nothing less So what is minimalism exactly The short answer is that it is an art style entirely on a minimalist level minimalism can be viewed as an aesthetic principle or even a guiding principle for artistic creation For some artists minimalism comes easy the result is a type of art where everything is simply added to the background enhancing the piece instead of subtracting from it For others minimalism can be a difficult frustrating way to express yourself because it requires the artist to not only pay attention to the appearance of their work but also to pay attention to the subtleties of form and color Still others think of minimalism in a more philosophical way claiming it to be the foundation for all creative endeavor Regardless of how one views minimalism it is apparent that it can add tremendous value to your home When you live with minimalism in your home it allows you to appreciate the simple pleasures of life You're less stressed out have more time to enjoy family and friends and don't waste money or energy trying to make art or literature out of everyday objects Because you're living a minimalist lifestyle you're able to appreciate simple pleasures like spending time with friends going for a walk in the park or enjoying that new cookbook you picked up at the local library This allows you to live a more enjoyable less stressful life
