One biohack at a time. Do you struggle to prioritise your health amongst the demands of a busy lifestyle? Are you afraid of growing old and not thriving in your later years? Then maybe biohacking is for you. Biohacking is all about hacking your biology and environment so you can live better for longer. It involves making small incremental changes to your lifestyle and diet today that will improve your health, vitality, and wellbeing into the future. Biohacking proves that we have more control over ageing than what we might think. With *Biohack Me*, you'll discover that ageing is something we should embrace, not fear. Author Camilla Thompson is a trailblazer in biohacking, nutrition, and health coaching. As a trusted coach and wellness mentor, Camilla has dedicated nearly a decade of her life to helping others optimise their health and longevity. In this powerful guide, she provides clear, actionable strategies that will empower you to take charge of your health and protect your cognitive and physical wellbeing as you age. By learning the biohacking framework outlined in this book, you can improve your sleep, mood, health relationships, brain, and so much more. You'll learn the importance of sleep rituals and habits like nasal breathing and your circadian rhythm. Strategies to boost your energy through intermittent fasting, red light therapy, and cold exposure. How to revolutionise your relationship with stress and anxiety using the circle of control. Methods to improve your nervous system function, such as breathwork and acupuncture. Why neuroplasticity is crucial for optimum long-term brain function. How a nutrient-rich diet, hydration hacks, and cognitive training can improve your overall brain health. Once you master the biohacking basics, you will unlock your full potential and transform your mind and body for the better. Whether you're a health newbie or a seasoned wellness warrior, *Biohack Me* is your ticket to supercharging your life. *Biohack Your Brain* Kristen Willeumier, 2020-12-29. A neuroscientist's groundbreaking, science-driven plan for revitalizing, nourishing, and rejuvenating your most essential asset: your brain. Your brain is the most essential organ in your body. The brain and spinal cord are intimately connected to every bodily system and organ, so when it is balanced, everything in your body and mind will function more efficiently. It's vitally important to take proactive steps now or you risk losing everything, including your ability to think clearly, be creative, remember details, solve problems, and retain your memory. In *Biohack Your Brain*, leading neuroscientist Dr. Kristen Willeumier reveals how you can change your brain by making simple and easy modifications to your lifestyle. Combining clinical experience with revolutionary science, she details how biohacking your brain can boost your cognitive performance and so much more. Dr. Willeumier's essential guidebook shows you the most effective techniques to prevent memory loss and neurodegenerative disorders like Alzheimer's disease and even how to overcome negative thoughts and stress. Through research and case studies, you'll learn how to upgrade your nutritional choices along with the effective use of supplements, brain games, and physical activity to overcome cognitive damage, whether it's from previous injuries such as a concussion or a
