H. Nouwen, 2013-11-07 This book follows as LAW [Peace and Rural Development in Colombia](#) Andrés García Trujillo, 2020-09-24 In *Peace and Rural Development in Colombia* Andr s Garc a Trujillo investigates whether peace agreements geared toward terminating internal armed conflicts trigger rural distributive changes Combining academic rigor with an insider s perspective Garc a Trujillo shows that the peace agreement in Colombia opened an exceptional window for addressing rural inequality Yet despite some progress he argues that the agreement s leverage to stir change was severely constrained by opposing actors within and outside the government Garc a Trujillo later applies the framework developed for the Colombian case to explain key dynamics of other post conflict societies that have dealt with agrarian issues under a transitional context like El Salvador or South Africa The original theoretical framework and empirically rich analysis make *Peace and Rural Development in Colombia* an indispensable read for scholars and practitioners who wish to gain an understanding on the political economy of peacemaking policy change and rural development in Colombia and beyond
