Form and Function in a Legal System Robert S. Summers,2005-11-14 This book addresses three major questions about law and legal systems 1 What are the defining and organising forms of legal institutions legal rules interpretative methodologies and other legal phenomena 2 How does frontal and systematic focus on these forms advance understanding of such phenomena 3 What credit should the functions of forms have when such phenomena serve policy and related purposes rule of law values and fundamental political values such as democracy liberty and justice This book seeks to offer general answers to these questions and thus gives form in the law its due The answers not only provide articulate conversancy with the subject but also reveal insights into the nature of law itself the oldest and foremost problem in legal theory and allied subjects

Questioning Technology with Jacques Ellul David W. Gill,Lisa Richmond,2025-10-07 Twenty first century technology is an ever expanding powerful force in virtually every aspect of human life and every corner of the globe So much of modern technology has resulted in positive improvements in communication work health and other domains Technology s promises and possibilities for the future are often glowing But it is one thing for technology to function as a tool serving human purpose and flourishing and quite another for it to be granted the position of unquestioned master All technologies deserve to be questioned What are their costs trade offs and potential or real negative impact And how do we create limits and controls for technological invasion when these would be wise and necessary Questioning Technology with Jacques Ellul addresses these questions in both the big picture and in their relevance to specific arenas such as art politics work and religion with voices from not just the academy but also the workplace and society
