Printable

Measuring Length in the Real World - Lesson Plan

In this lesson students will be introduced to practically measuring length in the real world.

Each student should bring a tape measure for this lesson.

Learners need to be able use tape measures to measure different lengths in the real world.

This lesson should be conducted outside.

Learners can also be paired up so that they can help each other with the tape measure and reading the measurements.

Learners can start off with smaller objects and then progress to the bigger ones outside, or move together outside to complete the exercises.

On the next page is a page that they can complete as a pair.

The answers can be discussed together in a class setting the next day.
