The Life Of The Prophet Muhammad:

Life of Muhammad Bashīruddīn Maḥmūd Aḥmad, 1990 A popular edition of an account of the life of the Prophet of Islam described as the most influential man in the history of the world An orphan beckoned to the Call persecuted by neighbors driven from his home with a price tag on his head quickly establishing a strong community of believers ready to die for his teachings and finally returning triumphantly only to forgive his tormentors This biography does not merely recount the major events and turning points of Muhammad s life but helps the reader draw a code for himself from the many walks of life through which Muhammad traversed No one can afford to read this detailed and fascinating account and not be influenced by it Yet Muhammad s life has always been an open book pieced together by followers who observed everything he did This book certainly opens up this life in a wonderful manner *The Prophet Muhammad* Barnaby Rogerson, 2004 The Prophet Muhammad is a hero for all mankind In his lifetime he established a new religion Islam a new state the first united Arabia and a new literary language the classical Arabic of the Qur an for the Qur an is believed to be the word of God revealed to Muhammad by the angel Gabriel A generation after his death he would be acknowledged as the founder of a world empire and a new civilisation Any one of these achievements would have been more than enough to permanently establish his genius To our early twenty first century minds what is all the more astonishing is that he also managed to stay true to himself and retained to his last days the humility courtesy and humanity that he had learned as an orphan shepherd boy in central Arabia If one looks for a parallel example from Christendom you would have to combine the Emperor Constantine with St Francis and St Paul an awesome prospect Barnaby Rogerson s elegant biography not only looks directly at the life of the Prophet Muhammad but beautifully evokes for western readers the Arabian world into which he was born in 570 AD **LIFE OF THE PROPHET (A BIOGRAPHY OF THE PROPHET MOHAMMED)** LEILA ABOUZEID, 2011-01-01 The Prophet Muhammad brought into the world the religion of Islam in its final form His life continues to inspire millions and millions of people around the world The Biography of Prophet Mohammed is the first to be written by a Muslim Woman and modern creative writer The author wrote it in English without adding personal interpretations or comments She wants the audience to do their own reading and find their own interpretations Why a Muslim woman biographer of Prophet Mohammed A simple answer is why not Many modern Muslim women have the education and hence the authority to tackle such projects But the author did not have gender in mind when she first thought of writing this biography The idea simply came to her as it would to any writer reflecting the current prominence of Islam on the international scene and the resulting ignorance and prejudice of islamophobia from publishers **The Messenger** Tariq Ramadan, 2007 Named by Time magazine as one of the 100 most important innovators of the century Tariq Ramadan is a leading Muslim scholar with a large following especially among young European and American Muslims In his first book written for a wide audience he offers a biography of the Prophet Muhammad highlighting the spiritual and ethical teachings of one of the most influential figures in human history Capturing

a life that was often eventful gripping and highly charged Ramadan provides both an intimate portrait of a man who was shy kind but determined as well as a dramatic chronicle of a leader who launched a great religion and inspired a vast empire Underscoring the historical importance and meaning of Muhammad The Messenger addresses the significance of the Prophet for some of today's most controversial issues such as the treatment of the poor the role of women Islamic criminal punishments war racism and relations with other religions

had only touched upon from the various aspects of his saw life This book goes into detail and provides reasons and explanations for whatever took place It is a blend of modern analysis and ancient detail Its objective is to nurture faith purify characters and fan the struggle to embrace the truth and be faithful to it Indeed the life of the Prophet SAW has been documented as a message for practical implementation not intellectual entertainment You may think that you have studied the life of Muhammad by following his history from birth to death but this is a grave mistake You will never really understand the Seerah unless you study the noble Qur an and the purified Sunnah The amount that you derive from these will tell the strength of your connection with the prophet of Islam sallallahu alaihi wa sallam Drawing upon his profound classical Islamic learning and an extensive knowledge of modern science Sheikh al Ghazali has broken new ground in the study of Seerah bringing to bear a fresh but wholly authentic approach This is a work which all serious students should have to complement the Seerah of the Prophet Muhammad SAW
