Through The Collectors Eye:

The Collector's Eyes Chinedu Nnadi, 2025-11-13 Elias Venn was once known as the man who could find beauty in anything Now behind the locked doors of his seaside mansion he searches for something far darker His antiques shop Venn Curiosities has become a graveyard of haunted relics mirrors that whisper dolls that breathe clocks that refuse to die Each piece he acquires carries a weight he can't explain and eyes that seem to watch him when he's alone When journalist Clara Ames arrives to expose him as a fraud she expects a story about greed and superstition What she finds instead is a man unraveling under the burden of his collection and a series of deaths linked to the objects themselves The deeper she digs the more the line between the living and the dead begins to blur Every artifact tells a story Every story ends the same way with a soul trapped inside And the collection is growing Now Elias and Clara must confront the horrifying truth behind an ancient order that believed the eyes of the dying could capture eternity To stop the curse they'll have to face the force that dwells within the relics a presence hungry for both of them In *The Collector's Eyes* beauty becomes a prison obsession turns to possession and every reflection hides a ghost waiting to be seen Once you look too closely it's already too late [The Collector's Eye](#) Linda S. Ferber, Brooklyn Museum, 1987 *The Collector's Eye* Christine Churchill, 2002-04-02 In this lavishly illustrated volume Christine Churchill establishes the definition of the new American collectible and shows how by using a discerning eye and armed with basic know-how talented individuals and seasoned collectors can create their own signature design aesthetic and apply it to their homes and their lives American vintage style has evolved and changed Gone are the old style American antiques Chippendale highboys stuffed with precious smalls in museum perfect homes Today interesting and unique homes showcase character-filled objects old number signs with bright graphics weathered finials funereal vases mercury glass collections *The Collector's Eye* shows that the best rooms are not the result of excessive spending and decoration but are a reflection of how the owner's passions and ideas can result in a collection that is both deeply personal and valuable By examining individual collections that range in aesthetic from folksy arts and crafts to urban modern Churchill offers a wealth of ideas and information for all budding collectors and enthusiasts Complete with informative sidebars and detailed caption photos *The Collector's Eye* describes the intricacies of these objects imparts tips on sleuthing for them offers practical advice on their placement and upkeep and guides readers on today's hot collectibles and how to go about building their own special collection **My Memory, my Soul and my Quantum Entanglement - My Good Life Chronicles** Manuel Augusto Antão, 2017-02-14 When I started blogging almost 10 years ago on the 4th of August 2016 my goal was to have a place where I could capture and express my thoughts and feelings about stuff i.e a place where I could digress about the things that interested me Shakespeare SF Opera Film etc It also provided a kind of repository where my kids say could go to get glimpses of me that may go unexplored otherwise For me blogging was never about numbers instead it was about meaning and sharing meaning with those who cared I'm not a writer not even an aspiring one I am an
