Alexander Powell,1972 **Thunder Over Europe (Classic Reprint)** Edward Alexander Powell,2017-11-26 Excerpt from Thunder Over Europe In writing a book of this description much information not readily available to the public is required To obtain it the author frequently must request from the governments concerned certain privileges and facilities for observation and investigation Yet by the acceptance of such privileges and the social courtesies which usually accompany them the author places himself under an implied obligation Thus if he criticizes the policy of a government which has aided him or expresses opinions which are unpalatable to it he is accused of ingratitude and bad taste If on the other hand he seeks to retain the good will of a government by ignoring or white washing unpleasant facts he breaks faith with those who buy his books The question arises then should he deceive his readers by refraining from criticism or should he state the facts bluntly as he sees them regardless of whose toes he treads on It has always seemed to me that an author's paramount obligation is to his readers They buy his books on the assumption that he will tell them the unvarnished truth About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing
