**Till We Have Faces** C. S. Lewis, 2017-02-14 This twist on an old story is an exploration of love between sisters between friends between teacher and pupil between men and women Till We Have Faces is retold through the eyes of Psyche's oldest sister Orual Orual was born ugly and even though she's a princess she struggles with the death of her mother and the friction between her sisters There are two lights in Orual's life One is her tutor the Fox a Greek slave captured through war The other is her much younger sister Istra later nicknamed Psyche born from Orual's father's second marriage Istra is beautiful and sweet and good but far from being jealous of her Orual loves her as a daughter When the priest of Ungit says that Psyche's great beauty is an insult to the goddess and she must be sacrificed Orual fights to prevent this When Orual expects to find her sister dead she finds her well and thriving But why can't Orual see what everyone else sees Blinded by her jealous love Orual casts blame on the duplicity of gods What is the truth What is real Lewis's novel is a brilliant examination of envy loss betrayal blame grief guilt and conversion Why must holy places be dark places Lewis reminds us of our own fallibility and the role of a higher power in our lives Holy places are dark places It is life and strength not knowledge and words that we get in them Holy wisdom is not clear and thin like water but thick and dark like blood *Electronic Theses and Dissertations*
