Toronto Parks:

Toronto's Ravines and Urban Forests Jason Ramsay-Brown, 2020-07-20 No matter where you are in Toronto you are close to a ravine In these often hidden places you can find an astonishing diversity of birds flowers and trees Jason Ramsay Brown has spent twenty years exploring the more than one hundred ravines parks and urban forests within Toronto s boundaries For this book he has selected the thirty natural areas most rewarding to visitors and provided accounts of what you will encounter there and what you can learn of the city s history as well The variety of flora and fauna is astonishing In one park alone the Leslie Street Spit more than three hundred species of birds have been identified since the turn of the millennium The increasingly scarce butternut tree can be found in Warden Woods and wildlife such as deer beaver foxes and coyotes are often spotted along many ravine trails Jason tells the story of ongoing efforts of ecological restoration and stewardship to protect these habitats and ecosystems such as the wetlands of Taylor Creek Park and the old growth forest within Glendon Forest The ravines also contain many landmarks of local history rumours of buried British gold in Scarborough s Gates Gully large First Nations encampments near L Amoureux Park and early industries like Todmorden Mills With extensive visuals illustrating all thirty ravines and forests from across the city this book offers something for every Torontonians and every visitor

Discover & Explore Toronto's Waterfront Mike Filey, 1998-04 Mike Filey has revised his original book to include areas that are now the waterfront of the new City of Toronto

Special Places Betty Roots, Donald Chant, Conrad Heidenreich, 2011-11-01 High Park Scarborough Bluffs the Humber Valley the Port Lands These are among the special places of Toronto Each is a unique ecosystem within the busy urban region Even though Torontonians think of the city as almost entirely built up savannah or wetlands are only a subway ride away *Special Places* explores the changing ecosystems of the Toronto area over this century looking at the environmental conditions that influence the whole region and at the surprising range of plants and animals you can still find in many of its natural spaces *Special Places* explores the changing ecosystems of the Toronto area over this century looking at the environmental conditions that influence the whole region and at the surprising range of plants and animals you can still find in many of its natural spaces In *Special Places* a group of science professionals show how actions in one location produce ripples in every direction Changes in forest cover for example affect not only the organisms that live in the forest but also those that use it from time to time such as migrating birds and those that live in watersheds fed by water husbanded by forest cover Changes in bird populations cause changes in the populations of insects on which they feed changes in insect populations affect the plants on which they feed and so on As a new millennium arrives it is time to take stock of our effect on the world around us and to consider the consequences *Special Places* assesses how we can minimize the impact of human activity on the environment and even remedy some of the harm we have already done One way is to bridge the gap between scientists and decision makers by making the natural sciences more accessible to everyone *Special Places* was written at the initiative of the Royal Canadian Institute which is the oldest

active scientific society in Canada and is dedicated to bringing the natural sciences to the public Richly illustrated and written for a general audience this book celebrates the glory and fragility of these interlocking ecosystems and helps us appreciate the uniqueness of the special places

Toronto's Poor Bryan D. Palmer, Gaétan Héroux, 2016-11-23 Toronto s Poor reveals the long and too often forgotten history of poor people s resistance It details how people without housing people living in poverty and unemployed people have struggled to survive and secure food and shelter in the wake of the many panics downturns recessions and depressions that punctuate the years from the 1830s to the present Written by a historian of the working class and a poor people s activist this is a rebellious book that links past and present in an almost two hundred year story of struggle and resistance It is about men women and children relegated to lives of desperation by an uncaring system and how they have refused to be defeated In that refusal and in winning better conditions for themselves Toronto s poor create the possibility of a new kind of society one ordered not by acquisition and individual advance but by appreciations of collective rights and responsibilities
