Adolf Holm

Up Close In Concert:

Concert Lighting James Moody, Paul Dexter, 2016-10-04 Concert Lighting Tools Techniques Art and Business Fourth Edition provides readers with an updated look at how to succeed in the complex world of concert lighting design and technology The authors have reorganized the book into three comprehensive and thoroughly revised sections covering history equipment and technology and design and containing new information on LED technology pixel mapping projection options media servers automated lighting solutions for moving lights DMX and Ethernet problems and designer communication and collaboration This book also explores the cross media use of concert lighting techniques in film video theatre and the corporate world highlighted with advice from master designers such as Bruce Rodgers Cosmo Wilson and Sarah Landau From securing precious contracts to knowing the best equipment to use to design a show Concert Lighting covers everything a designer needs to know about working in the touring industry *Close to the Edge* Will

Romano, 2017-01-01 The first half of the 1970s was an especially fertile period for British progressive rock laying claim to classics such as Tarkus Selling England by the Pound Larks Tongues in Aspic The Dark Side of the Moon and Thick as a Brick Collectively these and other works represent the best British progressive rock had to offer Yet it s Yes s 1972 three track masterpiece *Close to the Edge* that presents a snapshot of an adventurous rock band at the peak of its powers daring to push itself musically both as individuals and as a unit In this absorbing chronicle which draws upon dozens of original and archived interviews and features rare photographs and an extensive discography acclaimed music journalist Will Romano examines why *Close to the Edge* is the ultimate prog rock album Yes had previously penned epic tracks for *The Yes Album* and *Fragile* but nothing on the magnitude of the musical gems appearing on *Close to the Edge* It s something of a small miracle perhaps even magic that the virtuoso quintet crafted such a cohesive and compelling album during an often hectic recording process that very nearly relegated this monumental work to the dustbin of history So potent was the power of *Close to the Edge* that even before its release it had forever shifted the personal dynamics of the group and the course of progressive rock Rarely had Yes or any rock outfit for that matter been simultaneously so expansive and concise spiritual and savage profound and nebulous *Lonely Planet France* Lonely Planet, Nicola Williams, Alexis Averbuck, Oliver
