Updates in Colo-Proctology Jean-Claude Givel, Geoffrey D. Oates, James P.S. Thomson, 2012-05-20 Updates in Colo Proctology covers the proceedings of the Anglo Swiss Colo Proctology Meeting held in St Moritz in 1990 The book contains the papers which were presented and discussed there by physicians of the various specialties concerned with the care of patients with diseases of the colon rectum and anus The authors each distinguished in a particular field have contributed across a wide range of subjects and different disciplines The topics covered include surgical and investigative techniques cancer inflammatory bowel disease and specific infections Being familiar with the previous literature it is clear that little was really new among the themes presented in St Moritz but few will deny that many of the techniques and methods of treatment described in this book are truly modern Some contribute an entirely new dimension to the approach to well known colo proctological conditions while others may open up new paths for future research In addition in colo proctology as in other disciplines advances in treatment almost always bring new problems in the complications which attend them These are the subject of some of the papers Although it would be invidious to pick out individual contributions when there is so much that is new to talk about and so much that is old to be looked at in a new light we should like to record how much we have enjoyed reading and collating these chapters We hope that others will share our enthusiasm and pleasure *Updates in*

Zbar, Steven D. Wexner, 2010-01-18 Coloproctology is a surgical specialty which dynamically changes every few years There is a profusion of colorectal textbooks but specialty series on particularly complex topics as well as on the specialized management approach for trainees and training colorectal surgeons are actually few The aim of this text is a superior quality

colorectal book written by world experts targeted at senior surgical and colorectal trainees and young consultant coloproctologists in current areas of subspecialty expertise The structure of the chapters is current and is based on what does not appear and is not addressed in current colorectal textbooks This series has proven useful in areas already represented including Neurosurgery Vascular Surgery Transplantation Surgery etc The text is aimed at being relatively didactic with an algorithm approach to specialized areas within coloproctology which could potentially be updated every 3 years or so with new topics to create a set for didactic training in colorectal surgery It is anticipated that these texts will become valuable teaching textbooks and part of every coloproctologist s armamentarium as well as appealing to all general surgeons and surgical trainees engaged in complex elective and emergency colorectal surgery

Coloproctology Martyn Evans, Mark Davies, Rhiannon Harries, John Beynon, 2024-06-17 Colorectal surgery has been evolving rapidly over recent years and the COVID pandemic has necessitated a critical approach to all aspects of care This book offers an up to date appraisal of the increasingly used neoadjuvant therapy In many situations a multidisciplinary approach is taken to achieve high quality and successful outcomes In addition topics such as the management of the open abdomen complex abdominal wall reconstruction artificial intelligence and modern management of inflammatory bowel disease are covered Written by experts in their field this book is of interest to both trainees and practicing surgeons in coloproctology

Contemporary Coloproctology Steven Brown, John E. Hartley, Jim Hill, Nigel Scott, J. Graham Williams, 2012-02-18 Contemporary Coloproctology covers colorectal surgery as practiced today in an easily accessible format with emphasis on bringing key facts rapidly into focus It is ideal reading both for the medical trainee and the practicing colorectal surgeon As well as a succinct presentation of the current colorectal knowledge base each chapter contains practical advice and pearls of wisdom from established practicing clinicians A unique feature of the format is the identification of key references and questions and scenarios that present real life decisions in colorectal surgery Edited and authored by outstanding surgeons in their fields this book brings the reader expertise in surgery and management across the various conditions encountered in coloproctology

Advances in Proctology and Colorectal Surgery Gaetano Gallo, Mario Trompetto, Giuseppe Clerico, Alberto Realis Luc, 2024-02-02 This Research Topic is in collaboration with Colorectal Disease Centre Over the past few years there have been several advancements in proctology and colorectal surgery Consequently the need to have a tailored treatment for each patient emerged This revolution involved both benign haemorrhoidal disease anal and pilonidal fistula diverticulitis fecal incontinence inflammatory bowel diseases and malignant colorectal cancer disorders In addition translational research and targeted therapies have improved the outcome and prognosis of patients with colorectal cancer In the present Research Topic we are encouraging experienced colleagues to submit original research articles case studies and review articles regarding the main points of debate of proctology and colorectal cancer
