Chicano Movement for Beginners Maceo Montoya,2016-09-13 As the heyday of the Chicano Movement of the late 1960s to early 70s fades further into history and as more and more of its important figures pass on so too does knowledge of its significance Thus The Chicano Movement For Beginners is an important attempt to stave off historical amnesia It seeks to shed light on the multifaceted civil rights struggle known as El Movimiento that galvanized the Mexican American community from laborers to student activists giving them not only a political voice to combat prejudice and inequality but also a new sense of cultural awareness and ethnic pride Beyond commemorating the past The Chicano Movement For Beginners seeks to reaffirm the goals and spirit of the Chicano Movement for the simple reason that many of the critical issues Mexican American activists first brought to the nation s attention then remain as pervasive as ever almost half a century later

Libertarianism for Beginners Todd Seavey,2016-01-01 Libertarianism isn t about winning elections it is first and foremost a political philosophy a description of how in the opinion of libertarians free people ought to treat one another at least when they use the law which they regard as potentially dangerous If libertarians are correct the law should intrude into people s lives as little as possible rarely telling them what to do or how to live A political and economic philosophy as old as John Locke and John Stuart Mill but as alive and timely as Rand Paul the Tea Party and the novels of Ayn Rand libertarianism emphasizes individual rights and calls for a radical reduction in the power and size of government Libertarianism For Beginners lays out the history and principles of this often misunderstood philosophy in lucid dispassionate terms that help illuminate today s political dialogue
