Pro Virtual Collaboration:

Professional Learning Communities at Work TM and Virtual Collaboration Richard DuFour, Casey Reason, 2015-07-24

Now is the time to transform education By combining the capacities of the PLC at WorkTM process and powerful technology tools teams of educators can meaningfully modify teaching and learning Realize the potential of virtual collaboration to support the PLC process and discover research based strategies collaborative teams can implement to meet contemporary challenges and reach sustained levels of deeper learning

Professional Learning Redefined Isabel Sawyer, Marisa Ramirez Stukey, 2019-02-16 You've just found your new comprehensive guide to designing powerful professional learning Full of protocols vignettes and case studies this book dissects elements of professional learning like coherence connections and content and examines each through an evidence based lens Destined to become a go to resource for anyone in a teacher support role this book analyzes research from the past 25 years on what makes professional learning work In addition to focusing on the often neglected role of the facilitator itself other features include A multi year implementation framework to improve instructional practice Planning tools to shift instruction at the school and district level Techniques and strategies to embed content based learning for all educators

Utilizing Virtual Communities in Professional Practice Smerda-Mason, Dana L., Koch, Douglas John, 2024-07-23 In an era dominated by the demands of the 21st century workforce the imperative for distributed and asynchronous work has never been more pronounced Global organizations grapple with the challenge of fostering connections for diverse purposes ranging from team building to promoting inclusivity in the context of diversity equity and inclusion DEI and addressing collaborative operational needs A deep dive into the creation and utilization of virtual communities illuminating their effectiveness in various professional settings across industries is necessary to empower leaders to connect with their teams From informal social learning environments to formal organizational structures more knowledge is needed to showcase how professionals can leverage authentic connections to inform and support modern professional practice Utilizing Virtual Communities in Professional Practice serves this purpose and stands as a comprehensive guide that seeks to support professionals in exploring the latest theoretical frameworks underpinning successful virtual communities Each chapter of the book combines theoretical insights with practical applications rooted in research and supported by relevant literature By providing examples from diverse industries the book empowers individuals to consider new virtual community approaches for their unique professional settings The objective is to equip readers with new ideas and considerations enabling them to customize and implement virtual communities effectively in realms such as education business and community engagement

Virtual Mentoring for Teachers: Online Professional Development Practices Keengwe, Jared, 2012-08-31 A major investment in professional development is necessary to ensure the fundamental success of instructors in technology integrated classrooms and in online courses However while traditional models of professional development rely on face to face instruction online methods are also gaining traction viable means for

faculty development Virtual Mentoring for Teachers Online Professional Development Practices offers peer reviewed essays and research reports contributed by an array of scholars and practitioners in the field of instructional technology and online education It is organized around two primary themes professional development models for faculty in online environments and understanding e Learning and best practices in teaching and learning in online environments The objective of this scholarship is to highlight research based online professional development programs and best practices models that have been shown to enhance effective teaching and learning in a variety of environments

Processes and Foundations for Virtual Organizations Luis M. Camarinha-Matos, Hamideh Afsarmanesh, 2013-06-05 Processes and Foundations for Virtual Organizations contains selected articles from PRO VE 03 the Fourth Working Conference on Virtual Enterprises which was sponsored by the International Federation for Information Processing IFIP and held in Lugano Switzerland in October 2003 This fourth edition includes a rich set of papers revealing the progress and achievements in the main current focus areas VO breeding environments Formation of collaborative networked organizations Ontologies and knowledge management Process models and interoperability Infrastructures Multi agent approaches In spite of many valid contributions in these areas many research challenges remain This is clearly stated in a number of papers suggesting a new research agenda and strategic research roadmaps for advanced virtual organizations With the selected papers included in this book PRO VE pursues its double mission as a forum for presentation and discussion of achievements as well as a place to discuss and suggest new directions and research strategies

Teaching Professional and Technical Communication Tracy Bridgeford, 2018-09-21 Teaching Professional and Technical Communication guides new instructors in teaching professional and technical communication PTC The essays in this volume provide theoretical and applied discussions about the teaching of this diverse subject including relevant pedagogical approaches how to apply practical aspects of PTC theory and how to design assignments This practicum features chapters by prominent PTC scholars and teachers on rhetoric style ethics design usability genre and other central concerns of PTC programs Each chapter includes a scenario or personal narrative of teaching a particular topic provides a theoretical basis for interpreting the narrative illustrates the practical aspects of the approach describes relevant assignments and presents a list of questions to prompt pedagogical discussions Teaching Professional and Technical Communication is not a compendium of best practices but instead offers a practical collection of rich detailed narratives that show inexperienced PTC instructors how to work most effectively in the classroom Contributors Pam Estes Brewer Eva Brumberger Dave Clark Paul Dombrowski James M Dubinsky Peter S England David K Farkas Brent Henze Tharon W Howard Dan Jones Karla Saari Kitalong Traci Nathans Kelly Christine G Nicometo Kirk St Amant
