Tall Stranger:

The Tall Stranger Louis L'Amour, 2005-01-25 Wagon trains heading west were forced to defend themselves against Indians cope with injuries and illness and struggle to find food The group of easterners Rock Bannon was scouting for faced another problem They were being deceived When he warned them to remain on the Humboldt Trail Sharon Crockett and the others refused to listen Mort Harper a stranger riding a beautiful black mare had dazzled them with his charm and good looks The southern route was the best way to go Harper told them But best for whom Bannon wondered That route led straight to the Salt Lake Desert The conditions would be brutal And if Harper wasn't steering them toward those deadly alkali flats where were they headed And what would happen once they got there Tall Stranger Gillian Conoley, 1991

Cowboy Politics John S. Nelson, 2017-11-01 The politics of popular westerns are surprising in substance and significance especially of late Cowboy Politics shows how westerns in literature cinema and television face the challenges of Western Civilization even more than the perils of American frontiers Its strategy is to compare key westerns with major theories of modern and postmodern politics So it analyzes novels from Owen Wister to Zane Grey and Larry McMurtry It focuses on films from the western revival beginning in the 1990s and featuring Clint Eastwood's *Unforgiven* while its interest in TV stretches from singing cowboys and *Gunsmoke* to David Milch's *Deadwood* Critics are apt to find in westerns the modern politics of Thomas Hobbes and John Locke They tap devices of individuality rationality contract sovereign enforcement and representation to overcome the chaotic violence of a wild zone Cowboy Politics examines how westerns often find such measures insufficient to tame the West as a culture of honor and anger that deteriorates into feudal vengeance Instead westerns see the West as the sunset land that is already growing old and moving on So westerns seek fresh starts informed by comparing civilizations more than demonizing savages Westerns worry that modern politics devolve into exploitation oppression spectacle and terror So they pursue supplements in such postmodern politics as republicanism perfectionism populism feminism and environmentalism Especially westerns explore politics of persuasive speech in action in public doing beauty and self reliance in the modes of Hannah Arendt and Ralph Waldo Emerson The first two chapters of *Cowboy Politics* explain how westerns do political theory for popular audiences by making many of our myths the symbolic stories of individuals and communities which we live daily The next three chapters trace the initially modern theories of government in many westerns Then western turns to republican honor rhetoric response ability and character tracking occupy the following four chapters And these set the stage for another four chapters on western attention to postmodern terror mythmaking celebrity spectacle and forgiveness The final two chapters analyze how late satirical and transformative westerns develop realist defenses for their surprisingly postmodern politics **Adventure**, 1929 **The Heart of the Range** William Patterson White, 1921 *Harper's Young People*, 1885 **A Soldier of Manhattan, and His Adventures at Ticonderoga and Quebec** Joseph Alexander Altsheler, 1899 *Argosy All-story Weekly*, 1928 **Mississippi Outlaws and the**
