La Estoria De Mi Vida Elisa Cristine Torre,2010-11-22 **Stop Your Emotional Eating** Kenneth Schwarz,Julie North Schwarz,2012 Once a person starts down the path of emotional eating it is hard to turn around and go back Because breaking the habit of emotional eating is such a hard thing to do the authors wrote this guide to say C mon let s do this together

The Intelligent Utility Harriet Prithcett MED,Dutch Holland PhD,2012-11-30 In the year 2015 we see the use of Intelligent Utility technology to create business value as an integral part of successful utility companies What role will you be playing then and what will you do now to prepare for your future in the IU world The keys described in this book enable the successful management of work processes that are enabled with IU technology Keys are critical because improving work processes is tough work that requires knowledge of the tricks of the trade The fifteen keys are all about greasing the skids for the wide spread use of IU technology to create business value This book contains the needed implementation mechanics spelled out in simple practical yet powerful terms Failure of Intelligent Utility projects is no longer excusable with these keys down in black and white You can be an IU winner not a victim of poorly run IU projects You don t have to be afraid of change any longer Dutch s work offers entertaining and simple solutions that will help you move swiftly and efficiently through the growing pains of organizational change says Ken Blanchard author of *The Secret* and *The One Minute Manager* *High Challenge, Low Threat: How the Best Leaders Find the Balance* Mary Myatt,2016-04-11 This is a book about the things that wise leaders do It is informed through thousands of conversations with leaders and argues that these leaders do not shy away from the tough stuff It points to the conditions which these leaders create to allow colleagues to engage with difficult issues enthusiastically and wholeheartedly It is taken from observations of leaders at work in a variety of settings While these are mostly schools these observations are checked against what is happening in wider leadership and management thinking This book makes the case that any leadership role is concerned primarily with the relationships between individuals It is the quality of these whatever the size of the organisation which make the difference between organisations which thrive and those which stagnate This is not to argue for soft easy and comfortable options Instead it considers how top leaders manage to walk the line between the impossible and the possible between the undoable and the doable and to create conditions for productive work which transcend the difficulties which come towards us every day Instead of dodging them they embrace them And by navigating high challenge low threat they show how others how to do the same
