Flowers From The Withering Garden Trent Chess,2011-02-04 This book of poetry is from the view of the world through my eyes and no other I have always looked to the darker nature of life and the souls of men I have always written on the thoughts of life and death as these things are the constant in the lives of men I began writing poetry shortly after the death of my mother in 1987 but it was not until recent years that I cultivated my work into what it has become today If I can compel one person to think about what was read then I have achieved something Most of my poems are ambiguous and will leave their meanings to the mind of the reader **Nature** Sir Norman Lockyer,1882 Annual Report Canada.
