Tiger Child:

Tiger's Child Torey Hayden, 1995-03-06 From acclaimed author Torey Hayden comes a relatable memoir about a special education teacher who recounts a transforming and transformative relationship with a former student who overcame abuse. Special education teacher Torey Hayden's first book *One Child* was an international bestseller, thrilling readers on every continent. Their hearts were captured by Sheila, a silent, troubled girl who had been abandoned on a highway by her mother and abused by her alcoholic father and who refused to speak. As Hayden writes in the prologue to this book, "This little girl had a profound effect on me. Her courage, her resilience, and her inadvertent ability to express that great, gaping need to be loved that we all feel in short, her humanness brought me into contact with my own." Since then, Hayden has gone on to write books about many of her students, but her fans continue to ask her, "What happened to Sheila?" *The Tiger's Child* is her response. Here, Hayden tells how Sheila, now a young woman, finally came to terms with her nightmare childhood. When Hayden was working on *One Child*, she showed the manuscript to Sheila, then a teenager, and was astonished to find that Sheila remembered almost nothing of her troubled younger years. She had no recollection of her many clashes with her teacher as Hayden tried to break through her emotional pain. And although Hayden had managed to get Sheila to communicate and become an active and lively child, Sheila's home life was still very troubled. Her father had been sent to prison when she was eight, and Sheila had run away from a series of foster homes until finally she was placed in a children's home. But as Hayden continued to renew her relationship with the teenage Sheila, the memories slowly came back, bringing with them feelings of abandonment and hostility. Overwhelmed by the intensity of her awakening emotions, Sheila was driven to suicidal despair. *The Tiger's Child* is the touching, inspiring story of how a maturing Sheila came to perceive her mother not as a monster who willfully cast off her eldest child, but as a weak, forlorn, ordinary human being. Able to appreciate her own strength and resilience, Sheila at last is free to overcome the haunting legacy of child abuse. *The Tiger's Child* Torey Hayden, 1996-05-01 What ever became of Sheila? When special education teacher Torey Hayden wrote her first book *One Child* almost two decades ago, she created an international bestseller. Her intensely moving, true story of Sheila, a silent, profoundly disturbed little six-year-old girl, touched millions. From every corner of the world came letters from readers wanting to know more about the troubled child who had come into Torey Hayden's class as a hopeless case and emerged as the very symbol of eternal hope within the human spirit. Now, for all those who have never forgotten this endearing child and her remarkable relationship with her teacher, here is the surprising story of Sheila, the young woman. *PEERS® for Preschoolers* Elizabeth Laugeson, Mina Park, Jennifer Sanderson, 2025-01-15 This manual builds on the success of the Program for the Education and Enrichment of Relational Skills (PEERS), an internationally renowned program used in over 150 countries and translated into numerous languages. PEERS has now expanded to work with autistic and neurodivergent preschool-aged children, as well as those with other social challenges. Through this new manual, providers will learn about important skills to enhance positive peer interactions and

friendship development for young children how to structure sessions and encourage skill building effectively and how to educate and empower parents to be valuable social coaches for their children Every chapter includes a therapist guide for each session and parent resources such as lessons homework handouts worksheets and social coaching play cards This latest edition to the PEERS program is ideal for professionals and educators who provide social emotional therapeutic services and support to young children between the ages of four to six years diagnosed with autism or other social challenges Young Children Learning Barbara Tizard, Martin Hughes, 1984 his fascinating account of an unusual research project challenges many assumptions about how young children learn and how best to teach them In particular it turns upside down the commonly held belief that professionals know better than parents how to educate and bring up children and it throws doubt on the theory that working class children underachieve at school because of a language deficit at home *The Child's Zoological Garden* Beata Francis, 1881 Beautiful Child Torey Hayden, 2013-01-29 From the bestselling author of One Child comes this amazing true story of a mute and withdrawn seven year old girl and the special education teacher determined never to abandon a child in need Seven year old Venus Fox never spoke never listened never even acknowledged the presence of another human being in the room with her Yet an accidental playground bump would release a rage frightening to behold The school year that followed would be one of the most trying perplexing and ultimately rewarding of Torey Hayden's career as she struggled to reach a silent child in obvious pain It would be a strenuous journey beset by seemingly insurmountable obstacles and darkened by truly terrible revelations yet encouraged by sometimes small sometimes dazzling breakthroughs as a dedicated teacher remained committed to helping a hopeless girl and patiently and lovingly leading her toward the light of a new day **Stories Never Ending** Jan Irving, 2004-02-28 Children will delight in creating their very own art museum participating in a storytelling festival holding a yummy dinner theatre creating a keen jeans book bag and much more In addition each chapter contains a list of ideas that serve as springboards for activities that you can develop on your own With writing projects wordplay arts and crafts dramatics math problems history lessons and more this guide makes it easy to engage young learners while building literacy and reading skills along with a love of books and reading Grades K 6 *The Child's companion*, 1897 **The juvenile museum; or, child's library of amusement and instruction, by 'quiet George'**.
