**Legend of Spear** Zhu SiXi,2020-06-26 Does the other side of the starry sky really exist Split souls strange memories a strange and bizarre world of immortals it was a scene from a legend That year he had revealed his true strength at the age of the weak crown He had achieved his goals at a young age and had smiled as he looked at the world That year he returned and looked around His aura was like a mountain and no one could compare to him **The Nature of the Beasts** Ian Jared Miller,2021-01-05 It is widely known that such Western institutions as the museum the university and the penitentiary shaped Japan s emergence as a modern nation state Less commonly recognized is the role played by the distinctly hybrid institution at once museum laboratory and prison of the zoological garden In this eye opening study of Japan s first modern zoo Tokyo s Ueno Imperial Zoological Gardens opened in 1882 Ian Jared Miller offers a refreshingly unconventional narrative of Japan s rapid modernization and changing relationship with the natural world As the first zoological garden in the world not built under the sway of a Western imperial regime the Ueno Zoo served not only as a staple attraction in the nation s capital an institutional marker of national accomplishment but also as a site for the propagation of a new natural order that was scientifically verifiable and evolutionarily foreordained As the Japanese empire grew Ueno became one of the primary sites of imperialist spectacle a microcosm of the empire that could be traveled in the course of a single day The meaning of the zoo would change over the course of Imperial Japan s unraveling and subsequent Allied occupation Today it remains one of Japan s most frequently visited places But instead of empire in its classic political sense it now bespeaks the ambivalent dominion of the human species over the natural environment harkening back to its imperial roots even as it asks us to question our exploitation of the planet s resources **The Knower** Olumide K. Olamigoke,2015-04-18 The Knower is the work of Olumide K Olamigoke Ph D It is a written testimony from direct experiences of the Love of God seen heard and felt through the Light and Sound of Divine Spirit Holy Spirit or ECK **Silver Berries** Dennis Duane,2026-01-05 This book takes you into the personal lives of the Clovis People Silver berries are precious to the Clovis people of the Pacific Northwest The berries preserve meat improve taste make one feel wonderful cause visions and allow contact with spirits Belief in a good and evil afterlife forms a hunting culture where power is held by spiritual leaders and the most skilled hunters Along the gigantic glaciers life is precarious Hunting big game animals is dangerous and fast changing weather kills With life in a balancing act disaster strikes the Clovis people Through evil circumstances causing ceremonies of immense pain a child is turned into a monster Learning to control animals he seeks to eliminate humanity Mixing animal blood with the silver berries he creates an addictive drug that forever must be taken turning him into a creature that can no longer stay hidden A prehistoric Leonardo da Vinci he captures the spirits of his victims on the calcite cave walls painting a history of extermination It becomes impossible for the Clovis people to follow strict age old laws and beliefs The few survivors see entire clans decimated until an army of hunters is gathered to kill him This emotional and frightening story challenges the
