Paul Tillich and His System of Paradoxical Correlation Charles Amarkwei, 2020-05-05 This book shows the paradoxical mode by which Christians keep their faith in the Christian message as they relate with science It reveals how Paul Tillich's method of correlation helps us to understand how Christians interact with science without necessarily conflicting separating and dialoguing and synthesizing with each other It rules out natural theology but provides a non eclectical theology of nature that frees Christians to be involved in science meaningfully and without undermining their faith
