Torquemadas Schatten:

Erinnern und Erzählen Carl Freytag, 2005 **A matter of intelligence** Charmian Brinson, Richard Dove, 2016-05-16

This is an unusual book telling a story which has hitherto remained hidden from history the surveillance by the British security service MI5 of anti Nazi refugees who came to Britain fleeing political persecution in Germany and Austria Based on the personal and organisational files that MI5 kept on political refugees during the 1930s and 1940s which have only recently been released into the public domain this study also fills a considerable gap in historical research Telling a story of absorbing interest which at times reads more like spy fiction it is both a study of MI5 and of the political refugees themselves The book will interest academics in the fields of history politics intelligence studies Jewish studies German studies and migration studies but it is also accessible to the general reader interested in Britain before during and after the Second World War

A Companion to Twentieth-Century German Literature Raymond Furness, Malcolm Humble, 2003-09-02 Containing entries on over four hundred authors of fiction poetry and drama from Germany Austria and Switzerland this invaluable work of reference presents material of a range and depth that no other book on the subject in English attains For the second edition the entries have been updated to include the most recent works of German literature A number of new entries have been added dealing in particular with the East German literary scene and the changing literary landscape after reunification In addition to basic biographical facts the Companion offers summaries information on involvement in literary groups and political developments schools and movements critical terms and aspects of the other arts including film **Jewish Pasts,**

German Fictions Jonathan Skolnik, 2014-03-19 Jewish Pasts German Fictions is the first comprehensive study of how German Jewish writers used images from the Spanish Jewish past to define their place in German culture and society Jonathan Skolnik argues that Jewish historical fiction was a form of cultural memory that functioned as a parallel to the modern demythologizing project of secular Jewish history writing What did it imply for a minority to imagine its history in the majority language Skolnik makes the case that the answer lies in the creation of a German Jewish minority culture in which historical fiction played a central role After Hitler's rise to power in 1933 Jewish writers and artists both in Nazi Germany and in exile employed images from the Sephardic past to grapple with the nature of fascism the predicament of exile and the destruction of European Jewry in the Holocaust The book goes on to show that this past not only helped Jews to make sense of the nonsense but served also as a window into the hopes for integration and fears about assimilation that preoccupied German Jewish writers throughout most of the nineteenth century Ultimately Skolnik positions the Jewish embrace of German culture not as an act of assimilation but rather a reinvention of Jewish identity and historical memory *The Spanish Civil War in Literature, Film, and Art* Peter Monteath, 1994-09-30 This bibliography is the first attempt to establish a comprehensive list of secondary material relating to the Spanish Civil War in literature film and art It includes books articles and chapters in a wide range of languages including Spanish English Russian French German and Italian Monteath begins

the work with an introductory essay surveying the breadth of the scholarship on the cultural manifestations of the war which he places in its broader cultural historical context The bibliography is organized alphabetically within sections devoted to literature film and art and a general subject index completes the work Anyone interested in the fiction of Hemingway the film of Ivens the art of Picasso and many of the key figures in Western culture of the 1930s will find this work of value
