Adams,2021 Digital networking platforms like Facebook and Twitter have revolutionized everyday human interaction by facilitating the search for and access to information entertainment and social connection But with the rise of digital surveillance and data extraction for profit more people are seeking not just to disconnect from technology but to fully disentangle themselves from the widespread social economic and political networks of digital communications Disentangling offers an interdisciplinary global analysis of this growing trend toward disconnection Moving beyond technological disconnection this volume proposes the term disentangling as a lens for re thinking the structures of our digital world and categorizing the ways in which people reject avoid or rework their digital networks Across twelve chapters contributors explore the existential issues stemming from digitally entangled lives including cultural capital and digital detox retreats and investigate how geographies of disconnection relate to wider societal challenges Additional chapters explore connections between digital disconnection and other forms of disconnection including death sleep and the abandonment of human settlements The volume closes with a reflection on connectivity in the post pandemic society and how we might rework our connections to fit a socially distanced world Blending philosophy and sociology with media geography Disentangling offers a crucial reflection on how we might unravel our digital dependence by reasserting resilient boundaries between ourselves and the surrounding political economic cultural and technological systems   **Racial Virtuality** Danielle Wong,2026-04-07 Reveals how Asianness emerges as a dynamic media materiality shaped by measurement circulation and calibration amid shifting labor relations under contemporary capitalism Racial Virtuality contends that racialization not only occurs through representation in media but also through our very interactions with media technologies and their unseen operations The racialization of Asians who appeared to embody the model minority success story in the first decade of social media is now implicated more in the racial logics of algorithms interfaces gestures circulations and affects rather than individual representations of Asianness Racial Virtuality intervenes in existing new media discourses to approach race as virtual relation following a rich methodology of Asian American materialist critique to investigate gendered racial form and mediated life Danielle Wong theorizes racial virtuality as the suggestive materiality of non representational new media processes and argues that these non figurative images affects textures sounds and gestures constitute racializing calibrations

within the context of information capitalism Extending the archive of Asianness into everyday interactions with the virtual such as Instagram skincare stories memes of sleeping Asians and algorithmic choreography on TikTok Wong considers race as a capacity for labor and capital and argues that Asianness is a specific racial form of informational capital and a mode of relational critique She reveals the ways in which Asianness moves beyond a politics of recuperation and recognition to yield modes of fugitivity illicit knowledge and resistance all of which threaten existing relationships between capital labor and information that govern human capital By putting memes social media apps and digital platforms in conversation with more traditional cultural productions like film literature and theatre Racial Virtuality broadens our understanding of racialization in the digital age and challenges traditional notions of cultural production and subject formation In doing so it demonstrates how Asianness circulates as a new media form in a digital marketplace of commodified affects senses gestures and tastes

oct 20 2004   the hyperspectral image analysis hia toolbox is a collection of algorithms that extend the capability of the matlab numerical computing environment for the processing of hyperspectral
a matlab toolbox for hyperspectral image analysis - Aug 07 2022
the hyperspectral image analysis hia toolbox is a collection of algorithms that extend the capability of the matlab numerical computing environment for the processing of hyperspectral and multispectral imagery the purpose of the hia toolbox is to

provide information extraction algorithms to users of hyperspectral and multispectral imagery in

the matlab hyperspectral image analysis toolbox - Mar 14 2023

jul 7 2015   the hyperspectral image analysis toolbox hiat is a collection of algorithms that extend the capability of the matlab numerical computing environment for the processing of

matlab hyperspectral toolbox file exchange matlab - Feb 13 2023

jan 7 2022   the open source matlab hyperspectral toolbox is a matlab toolbox containing various hyperspectral exploitation algorithms the toolbox is meant to be a concise repository of current state of the art exploitation algorithms for learning and research purposes

matlab hyperspectral toolbox download sourceforge net - Feb 01 2022

mar 23 2014   download matlab hyperspectral toolbox for free matlab hyperspectral toolbox toolbox of advanced algorithms for hyperspectral processing and exploitation i m a msc student in remote sensing and working on soft classification of hyperspectral images this project is an excellent approach to work and consult with other interested people

download ht gui hypertools - Apr 03 2022

hyperspectral and multispectral image analysis download v 3 0 2021a 2021b 2022a 2022b 2023a for a complete experience toolboxes needed image processing toolbox statistisc and machine learning toolbox notes if you use hyperspectral and multispectral images mat files almonds nir hsi 1000 1600 nm line mapping

hyperspectral imaging matlab simulink mathworks - May 16 2023

matlab provides tools for data exploration visualization and algorithm development that support hyperspectral imaging workflows in addition image processing toolbox provides a comprehensive set of reference standard algorithms that

pdf hyperspectral image analysis toolbox researchgate - Oct 09 2022

oct 4 2006   the hyperspectral image analysis toolbox is currently being developed as an element of the censsis solutionware framework the objective of the censsis solutionware team is to develop a set of

mia toolbox hyperspectral image analysis add on for - Nov 10 2022

with mia toolbox hyperspectral images from microscopy to remote sensing can be easily analyzed using the familiar pls toolbox tools load manipulate and analyze multivariate images in the analysis graphical interface and employ high level command line functions analyze images using a wide array of tools including principal component analysis

hyperspectral image analysis using maximum matlab - Jan 12 2023

you can install the image processing toolbox hyperspectral imaging library from add on explorer for more information about installing add ons see get and manage add ons the image processing toolbox hyperspectral imaging library requires desktop matlab as matlab online and matlab mobile do not support the library

getting started with hyperspectral image processing - Dec 11 2022
getting started with hyperspectral image processing hyperspectral imaging measures the spatial and spectral characteristics of an object by imaging it at different wavelengths the wavelength range extends beyond the visible spectrum and covers from ultraviolet uv to long wave infrared lwir wavelengths

the matlab hyperspectral image analysis toolbox drs - Jun 05 2022
jan 1 2007   the hyperspectral image analysis toolbox is currently being developed as an element of the censsis solutionware framework the objective of the censsis solutionware team is to develop a set of catalogued tools and toolsets that will provide for the rapid construction of a range of subsurface algorithms and applications

a matlab toolbox for hyperspectral image analysis - Jul 06 2022
abstract the hyperspectral image analysis hia toolbox is a collection of algorithms that extend the capability of the matlab numerical computing environment for the processing of

image processing toolbox hyperspectral imaging library - Jul 18 2023
sep 13 2023   the hyperspectral viewer app enables you to read hyperspectral data visualize individual band images and their histograms create a spectrum plot for a pixel or region in a hyperspectral data cube generate color or false color representations of hyperspectral images and display metadata

matlab toolbox for analysis of multi hyperspectral imagery - Mar 02 2022
a matlab toolbox for analysis of multi hyperspectral imagery at the department of ir systems division of sensor technology foi the ongoing research on analysis of multi and hyperspectral imaging indirectly results in software tools some of these tools developed in matlab are packed in a toolbox available internally at foi
