Upstart Crow

SERIES 2

WRITTEN AND CREATED BY BEN ELTON

Upstart Crow

William Shakespeare

Upstart Crow:

Shakespeare's Companies Terence G. Schoone-Jongen, 2016-04-01 Focusing on a period c 1577-1594 that is often neglected in Elizabethan theater histories this study considers Shakespeare's involvement with the various London acting companies before his membership in the Lord Chamberlain's Men in 1594. Locating Shakespeare in the confusing records of the early London theater scene has long been one of the many unresolved problems in Shakespeare studies and is a key issue in theatre history, Shakespeare biography and historiography. The aim in this book is to explain, analyze and assess the competing claims about Shakespeare's pre-1594 acting company affiliations. Schoone-Jongen does not demonstrate that one particular claim is correct but provides a possible framework for Shakespeare's activities in the 1570s and 1580s, an overview of both London and provincial playing and then offers a detailed analysis of the historical plausibility and probability of the warring claims made by biographers ranging from the earliest sixteenth-century references to contemporary arguments. Full chapters are devoted to four specific acting companies: their activities and a summary and critique of the arguments for Shakespeare's involvement in them: The Queen's Men, Strange's Men, Pembroke's Men and Sussex's Men. A further chapter is dedicated to the proposition Shakespeare's first theatrical involvement was in a recusant Lancashire household and a final chapter focuses on arguments for Shakespeare's membership in a half-dozen other companies, most prominently Leicester's Men. *Shakespeare's Companies* simultaneously opens up twenty years of theatrical activity to inquiry and investigation while providing a critique of Shakespearean biographers and their historical methodologies.

Upstart Crow, 2019 Comedy about the life and times of William Shakespeare as he starts to make a name for himself in London whilst also trying to balance life as a husband and father for his family in Stratford-upon-Avon.

Upstart Crow Ben Elton, 2018-10-18 This does indeed deserve comparisons with *Blackadder*. Radio Times: A knockabout well-researched take on the working and domestic life of Shakespeare. The Guardian: It's the 1590s William Shakespeare brought to life on screen by the inimitable David Mitchell is at the start of his career. But no one is taking him seriously. In London he is mercilessly mocked by his rivals and at home in Stratford he is belittled by his sullen teenage daughter. Yet he is determined to find an ending for his newest creation Romeo and Juliet. Luckily inspiration is forthcoming. The trials and tribulations of his closest friends and family reveal the plot twists he'd been missing. And not only for this famous tragedy but for many of his finest plays. With sparkling wordplay, hilarious gags and his trademark wit, Ben Elton celebrates the great William Shakespeare and reveals the startling stories behind the playwright's best-known plays.

Television Series as Literature Reto Winckler, Víctor Huertas-Martín, 2022-01-19 This book explores how television series can be understood as a form of literature bridging the gap between literary and television studies. It goes beyond existing adaptation studies and narratological approaches to television series in both its scope and depth. The respective chapters address literary works, themes, tropes, techniques, values, genres and movements in relation to a broad variety of television series while drawing on the theoretical work of a host of scholars from Simone de Beauvoir and

Yuri Lotman to Ted Nannicelli and Jason Mittel and on critical approaches ranging from narratology and semiotics to empirical sociology and phenomenology The book fosters new ways of understanding television series and literature and lays the groundwork for future scholarship in a number of fields By questioning the alleged divide between television series and works of literature it contributes not only to a better understanding of television series and literary texts themselves but also to the development of interdisciplinary scholarship in the humanities
