Readers will learn how to design gameplay loops that keep players returning daily, how to price in-game items using proven pricing psychology, how to build and manage a remote development team, and how to market their games across TikTok, YouTube, and the Roblox algorithm simultaneously. Whether you are a complete beginner who has never opened Roblox Studio or an experienced developer looking to scale your monthly Robux earnings to full-time income levels, this playbook provides a structured roadmap that meets you where you are. The book includes advanced chapters on AI-powered development tools, live operations strategy, legal and tax foundations, and the emerging cross-game economy trends defining the creator landscape beyond 2026.
