Resource Peripheries in the Global Economy Felipe Irarrázaval, Martín Arias-Loyola, 2021-10-11 This book discusses the conditions that underpin configuration of specific places as resource peripheries and the consequences that such a socio spatial formation involves for those places The book thereby provides an interdisciplinary approach underpinned by economic geography political ecology resource geography development studies and political geography It also discusses the different technological political and economic changes that make the ongoing production of resource peripheries a distinctive socio spatial formation under the global economy Through a global and interdisciplinary perspective that uncovers ongoing political processes socio economic changes and socio ecological dynamics at resource peripheries this book argues that it is critical to take a more profound appraisal about the socio spatial processes behind the contemporary way in which capitalism is appropriating and transforming nature

COVID-19 and Risk Society across the MENA Region, 2022-09-22 The impact of the COVID 19 pandemic at the interlocking levels of politics economy and society have been different across regions states and societies In the case of the Middle East and North Africa which was already in the throes of intense tumult following the onset of the 2011 Arab Spring COVID s blows have on the one hand followed the trajectory of some global patterns while at the same time playing out in regionally specific ways Based on empirical country level analysis this volume brings together an international team of contributors seeking to untangle how COVID 19 unfolds across the MENA The analyses are framed through a contextual adaptation of Ulrich Beck s famous concept of risk society that pinpointed the negative consequences of modernity and its unbridled capitalism The book traces how this has come home in full force in the COVID 19 pandemic The editors Larbi Sadiki and Layla Saleh use the term Arab risk society They highlight short term and long term repercussions across the MENA These include socio economic inequality a revitalized state of authoritarianism challenged by relentless democratic struggles But the analyses are attuned to problem solving research The ethnographies of the pandemic included in this book investigate transformations and coping mechanisms within each country case study They provide an ethically informed research praxis that can respond to the manifold crises crashing down upon MENA polities and societies
