**The Boat Galley Cookbook: 800 Everyday Recipes and Essential Tips for Cooking Aboard : 800 Everyday Recipes and Essential Tips for Cooking Aboard** Carolyn Shearlock,Jan Irons,2012-09-14 No matter what anyone tells you boat cooking IS different from cooking ashore The space is smaller there s no grocery store 5 minutes away you have fewer prepared foods and electric appliances and food storage is much different Despite cruising different oceans we Jan and Carolyn both faced the same challenges eating well while having time to enjoy all the other great aspects of cruising We love to snorkel swim kayak explore and just sit and admire the view We learned with the cookbooks we both had aboard and wished for information that

wasn't available like when Jan ended up with a frozen chicken complete with head and feet and no instructions on how to cut it up. When we couldn't get foods such as sour cream, English muffins, spaghetti sauce, or yogurt, we adapted recipes to make our own. Other times we experimented with substituting ingredients; maybe the result wasn't identical, but it was still tasty. We ended up with over 150 substitutions and dozens of make-it-yourself options. As we traded recipes and knowledge with each other, we realized we were compiling information that became *The Boat Galley Cookbook*: 800 recipes made from readily obtainable ingredients with hand utensils, including numerous choices to suit every taste, not just one cake but 20, 16 ways to prepare fish, 10 regional barbecue sauces, and so on. Step-by-step directions to give even non-cooks the confidence they can turn out tasty meals without prepared foods. Detailed instructions on unfamiliar things like making yogurt and bread, grilling virtually every food imaginable, preparing and cooking freshly caught fish and seafood, cutting up and boning meat, cooking in a Thermos, and baking on the stove top, as well as lots of tips on how to do things more easily in a tiny moving kitchen. All this in an easy-to-navigate format, including side tabs on the Contents to help you find your way and extensive cross-reference lists at the end of each chapter. Quick Reference Lists provide idea starters, suggestions of included recipes for such categories as Mexican, Asian, and Potluck. *The Boat Galley Cookbook* is designed to help you every step of the way. We hope it becomes a trusted reference on your boat and a source of many enjoyable meals.

*Cooking by the Book* Mary Anne Schofield, 1989. The essays collected here explore the power and sensuality that food engenders within literature. The book permits the reader to sample food as a rhetorical structure, one that allows the individual writers to articulate the abstract concepts in a medium that is readily understandable. The second part of *Cooking by the Book* turns to the more diverse food rhetorics of the marketplace. What, for example, is the fast-food rhetoric? Why are there so many eating disorders in our society? Is it possible to teach philosophy through cookery? How long has vegetarianism been popular?

***The American Century Cookbook*** Jean Anderson, 1997. For the past ten years, Jean Anderson has been on a quest to search out the most popular recipes of the 20th century and to chronicle 100 years of culinary change in America. The result is a rich and fascinating look at where we've been, at the recipes our mothers and grandmothers loved, and at how our own tastes have evolved. The more than 500 cherished recipes in these pages are mainstays of American home cooking, the recipes that have remained favorites year after year. For the smallest sampling: California dip, Buffalo chicken wings, vichyssoise, tuna noodle casserole, Swiss steak, frosted meat loaf, tamale pie, corn dogs, lobster rolls, classic green bean bake, perfection salad, green goddess salad, frozen fruit salad, chiffon cake, brownies, chocolate chip cookies, chocolate decadence. Beyond this collection is Jean's exploration of the diversity of our nation's cuisine and our adoption of such foreign dishes as pizza, gazpacho, lasagne, moussaka, and tarte tatin. Her painstakingly researched text includes extensive headnotes, thumbnail profiles of important people and products, from Fannie Farmer to James Beard, and from electric refrigerators to the microwave, and a timeline of major 20th-century food firsts. In recording popular recipes that might have

been lost in setting them in richly detailed historical context Jean Anderson has written her masterwork *The American Century Cookbook* may well be the most important new cookbook of the decade it is certainly the book America will love

*The Cooking Contest Cookbook* Joyce Campagna, Don Campagna, 2000 The publishers of The Cooking Contest Newsletter turn a spotlight on the contest winning culinary accomplishments of great home cooks in this collection of more than 100 prize winning recipes Line drawings
