Readying Cavalli's Operas for the Stage Ellen Rosand, 2017-07-05 After more than three centuries of silence the voice of Francesco Cavalli is being heard loud and clear on the operatic stages of the world The coincidence of productions at La Scala Milan and Covent Garden London in the same month September 2008 of two different operas signals a new stage in the recovery of these extraordinary works confined until now to special venues committed to early music opera festivals conservatory and university productions The works of the composer who is credited with having invented the genre of opera as we know it are finally enjoying a renaissance A new edition of Cavalli's twenty eight operas is in preparation and the composer and his works are at the center of a great deal of new scholarship ranging from the study of sources and production issues to the cultural context of opera of this period In the face of such burgeoning interest this collection of essays considers the Cavalli revival from various points of view In particular it explores the multiple issues involved in the transformation of an operatic manuscript into a performance Although focused on the works of Cavalli much of this material can transfer easily to other operatic repertoires Following an introductory part reflecting back on four decades of Cavalli performances by some of the conductors responsible for the revival of interest in the composer the collection is divided into four further parts The Manuscript Scores Giasone Production and Interpretation Making Librettos and Cavalli Beyond Venice

Opera and Modern Spectatorship in Late Nineteenth-Century Italy Alessandra Campana, 2015-01-22 Alessandra Campana explores how operas and their stage manuals participated in the making of a modern public in late nineteenth century Italy

The Beasts of Electra Drive Rohan Quine, 2018-04-11 From Hollywood Hills mansions and Century City towers to South Central motels and the oceanside refinery The Beasts of Electra Drive by Rohan Quine spans a mythic L A following seven spectacular characters or Beasts from games designer Jaymi's game worlds The intensity of those Beasts creation cycles leads to their release into real life in seemingly human forms and to their combative protection of him from destructive rivals at mainstream company Bang Dead Games Grand spaces of beauty interlock with narrow rooms of terror both in the real world and in cyberspace A prequel to

Quine's other five tales and Winner in the NYC Big Book Award 2021 and a Finalist in the IAN Book of the Year Awards 2018 The Beasts of Electra Drive is a unique explosion of glamour and beauty horror and enchantment exploring the mechanisms and magic of creativity itself Jaymi is an independent games designer living on Electra Drive in the Hollywood Hills Opposed to him are his former colleagues at Bang Dead Games Their mounting competitiveness regarding his own extravagant game creation reaches a point where they attack him physically with a flying drone Bang Dead is preparing the global release of a game called Ain tTheyFreaky centring on five tabloid flavoured social media Newsfeeds for the victimisation of certain people by others the Gal Score Guy Score Trivia Score Arts Score and Cosy Score Jaymi decides to fight back for self protection and to counteract this game's destructive effects He takes an irrevocable step after creating Amber the most dangerous of the characters or Beasts as he calls them who will populate Jaymi's project The Platinum Raven he releases Amber from that game such that Amber slithers out from Jaymi's computer monitor Appearing human this now incarnated Beast is sent to stalk Ain tTheyFreaky's creators in real life While Amber terrorises them Jaymi creates a second Beast Evelyn a woman of ease and freedom from his project The Imagination Thief Incarnated too she joins Amber in sabotaging a Bang Dead venture in the physical world As Jaymi's output spawns three more titles The Host in the Attic Apricot Eyes and Hallucination in Hong Kong he jumps into the creation cycles and subsequent incarnations of five more varied and human seeming Beasts These are Shigem Kim the Platinum Raven Scorpio and his own simulacrum the Jaymi Beast Targeted by a more lethal drone attack than the first one he decides that his Beasts' missions must escalate they will infiltrate the very substance of Ain tTheyFreaky Evelyn Shigem and Kim therefore sneak into one of the game's visual environments a mythically seedy Downtown L A where they try to put an end to some of the casually programmed cruelty in the game Shigem shames one Bang Dead programmer into secretly working for Jaymi instead and Kim persuades another high ranking Bang Dead employee to join Jaymi likewise Five of the Beasts proceed to sabotage Ain tTheyFreaky at code level turning its own server farm into a radically different kind of environment than before Their sabotage takes aim at the game in such a way as to break it down into its constituent glyphs and pixels then electrifies these recombining them into brand new forms of such enchanted love and wickedness and originality that they'd certainly have been forbidden by Bang Dead Amid the resultant conflict a Beast is sent to kill a human a Beast is arrested before escaping and wreaking revenge and another human is lashed to the top of the transmitter tower above the Hollywood Sign where After the ensuing convulsions of destruction and violent creation have run their course Jaymi's Beasts slip away to their appointed onscreen destinations one by one and he is left alone again just as he was before he brought them into being As he fires up his newly completed game The Imagination Thief for the first time however it is clear that neither he nor the world around him will ever quite be as before

rooms to become a form of public entertainment Early commercial operas were elaborate spectacles featuring ornate costumes and set design along with dancing and music As ambitious works of theater these productions required not only significant financial backing but also strong managers to oversee several months of rehearsals and performances These impresarios were responsible for every facet of production from contracting the cast to balancing the books at season s end The systems they created still survive in part today *Inventing the Business of Opera* explores public opera in its infancy from 1637 to 1677 when theater owners and impresarios established Venice as the operatic capital of Europe Drawing on extensive new documentation the book studies all of the components necessary to opera production from the financial backing of various populations of Venice to the commissioning and creation of the libretto and the score the recruitment and employment of singers dancers and instrumentalists the production of the scenery and the costumes and the nature of the audience and finally the issue of patronage Throughout the book the problems faced by impresarios come into new focus The authors chronicle the progress of Marco Faustini the impresario most well known today who made his way from one of Venice s smallest theaters to one of the largest His companies provide the most personal view of an impresario and his partners who ranged from Venetian nobles to artisans Throughout the book Venice emerges as a city that prized novelty over economy with new repertory scenery costumes and expensive singers the rule rather than the exception The authors examine the challenges faced by four separate Venetian theaters during the seventeenth century San Cassiano the first opera theater the Novissimo the small Sant Aponal and San Luca established in 1660 Only two of them would survive past the 1650s Through close examination of an extraordinary cache of documents including personal papers account books and correspondence Beth and Jonathan Glixon provide a comprehensive view of opera production in mid seventeenth century Venice For the first time in a study of opera an emphasis is placed on the physical production the scenery costumes and stage machinery that tied these opera productions to the social and economic life of the city This original and meticulously researched study will be of strong interest to all students of opera and its history

The Keyhole Opera Introduction

In today's digital age, the availability of The Keyhole Opera books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Keyhole Opera books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Keyhole Opera books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Keyhole Opera versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Keyhole Opera books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Keyhole Opera books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Keyhole Opera books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free

access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Keyhole Opera books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Keyhole Opera books and manuals for download and embark on your journey of knowledge?
