## **The Australian Drug Guide:**

Australian Drug Guide Jonathan Upfal, 2016-01-27 David Dyer's astonishing novel *The Midnight Watch* is based on the true story of the SS Californian, the ship that saw the Titanic's distress rockets and yet unfathomably did nothing. A psychological thriller, sometimes the smallest of human failings can lead to the greatest of disasters. On a wretchedly cold night in the North Atlantic, a steamer stopped in an ice field, sees the glow of another ship on the horizon. Just after midnight, the first of eight distress rockets is fired. Why did the Californian look on while the Titanic sank? As soon as Boston American reporter John Steadman lays eyes on the man who stood the midnight watch on the Californian, he knows there's another story lurking behind the official one. Herbert Stone must have seen something and yet his ship did nothing while the calamity took place. Now Stone, under his captain's orders, must carry his secret in silence while Steadman is determined to find it out. So begins a strange dance around the truth by these three men. Haunted by the fifteen hundred who went to their deaths in those icy waters and by the loss of his own baby son years earlier, Steadman must either find redemption in the Titanic's tragedy or lose himself. Based on true events, *The Midnight Watch* is at once a heart-stopping mystery and a deeply knowing novel about the frailty of men, the strength of women, the capriciousness of fate, and the price of loyalty. **The Australian Drug Guide** Jonathan Upfal, 2006 Every year up to 140 000 Australians are rushed to hospital due to medication errors and misunderstandings.
