The Best Knowledge of Palmistry II Ram Babu Sao,2025-11-15

The book *The Best Knowledge of Palmistry II* is a unique book which is very informative and also easy to understand One book is truly the equivalent of several books on palmistry Palmistry is a science of understanding the Past Present and Future of a person by the pads and lines of a palm The Laws of Manu and the Vasishtha Rules about the Palm reading are found in the earliest known scriptures in the ancient Vedic literature of India They include a list of rules given to guide the ascetic in the correct way to lead the religious life This is the ancient story that how the Indians used palmistry to speculate about the future of a human being The Indian palmists focus on the tiny little marks of the hand like lines spots moles However while predicting many other features hands are also considered and no single sign or line can determine or reveal the final prediction Palmistry has early origins in many regions According to Brahmanism records and many mural relics in India palmistry was popular in ancient India Palmistry also has a long history in China since the Zhou Dynasty 1045 256 BC more than 3 000 years ago The first relatively systematic work of palmistry in China appeared in the Western Han Dynasty 206 BC 9AD It was considered to be a part of the physiognomy Good health means a perfect balance between the body mind and soul This can be gauged by the knowledge of palmistry Palmistry isn t only about character analysis or fortune telling it s a powerful tool in preventing illness Lots of underlying health conditions show on the palm months before they manifest as health problems A person may consult the physician and get a professional opinion about any suspected disease Palmistry from the medical point of view has emerged as a science in its own right that has helped doctors and patients alike in diagnosing difficult diseases If you have intuition or the power of suggestion and knowledge of reasoning and wisdom you can help your friends as well as yourself to maintain better health Today Palmistry is no longer considered an occult science It has fast been gaining a reputation for diagnosing symptoms that would otherwise take years to manifest themselves Palmistry will help you with a quick medical check up in advance Good health is the money and Prosperity You can make predictions of lots of underlying health conditions shown on the palm even months before they manifest as health problems Thus you may find out any kind of suspected disease in your palm or the palm of any member of your family with the help of this single book This
