The Kirby House Cookbook:

The Kirby House Cookbook, 2001 *Kansas*, 2002 *The Billboard*, 1926 English Language Cookbooks, 1600-1973 Lavonne B. Axford, 1976 *Flatheads and Spoonies* Jens Lund, 2014-07-11 Since the early 1800s people have made a living fishing and harvesting mussels in the lower Ohio Valley. These river folk are conscious of an occupational and social identity separate from those who earn their living from the land. Sustained by a shared love of the river deriving joy from the beauty of their chosen environment and feeling great pride in their ability to subsist on its wild resources and to master the skills required to make a living from it, many still identify with the nomadic houseboat dwelling subculture that flourished on the river from the early nineteenth century to the 1950s. Today's community of fisherfolk is small and economically marginal but their activities sustain a complex set of traditional skills and a body of verbal folklore associated with river life. In *Flatheads and Spoonies* Jens Lund describes the activities, boats, gear, verbal lore, and sense of identity of the fisher folk of the lower Ohio River Valley and provides historical and ethnobiological background for their way of life. Lund connects the importance of river fish in the diet of inhabitants of the valley to local fishing activities and explores the relationship between river people and those whose culture is primarily land based, painting a colorful portrait of river fishing and river life. This book offers a look, historical and ethnographic, at a little known aspect of traditional life in the American Midwest still surviving today despite immense changes in environment, resources, and economic base.

U.S. History Through Children's Literature Wanda Miller, 1997-03-15 Allow students to step back in time to experience the thoughts, feelings, dilemmas, and actions of people from history. For each history topic, Miller suggests two titles: one for use with the entire class and one for use with small reading groups. Summaries of the books, author information, activities, and topics for discussion are supplemented with vocabulary lists and ideas for research topics and further reading. This integrated approach makes history meaningful to students and helps them retain historical details and facts.

Culinary Landmarks Elizabeth Driver, 2008-04-05 *Culinary Landmarks* is a definitive history and bibliography of Canadian cookbooks from the beginning when *La cuisinière bourgeoise* was published in Quebec City in 1825 to the mid twentieth century. Over the course of more than ten years, Elizabeth Driver researched every cookbook published within the borders of present day Canada, whether a locally authored text or a Canadian edition of a foreign work. Every type of recipe collection is included, from trade publishers' bestsellers and advertising cookbooks to home economics textbooks and fund raisers from church women's groups. The entries for over 2,200 individual titles are arranged chronologically by their province or territory of publication, revealing cooking and dining customs in each part of the country over 125 years. Full bibliographical descriptions of first and subsequent editions are augmented by author biographies and corporate histories of the food producers and kitchen equipment manufacturers who often published the books. Driver's excellent general introduction sets out the evolution of the cookbook genre in Canada, while brief introductions for each province identify regional differences in developments and

trends Four indexes and a Chronology of Canadian Cookbook History provide other points of access to the wealth of material in this impressive reference book
