*Last Man Standing* Jack Olsen, 2001-11-06 Jack Olsen's *Last Man Standing* is the gripping story of Geronimo Pratt war hero and community leader who was framed by the FBI in one of the greatest travesties of justice in American history. Geronimo Pratt did not commit the murder for which he served twenty seven nightmarish years. As a UCLA student though he had led the Los Angeles Chapter of the Black Panther Party and became a target of the FBI. Here is the spellbinding saga of Pratt his heroic lawyers Johnnie Cochran and Stuart Hanlon and the Reverend James McCloskey who overcame all the odds to bring the truth to light and free Geronimo.

*Last Man Standing* Danielle Sarver Coombs, 2013-11-14 When Barack Obama was re-elected president in November 2012 his Republican challenger Mitt Romney took the blame for being alternately too moderate or too conservative. Critics from both within and outside of his party claimed his vast wealth made him unappealing to voters and that his robotic persona meant he just could not connect. How then did he win the nomination? What happened during the twelve month build up to Romney being named the presumptive nominee for the Republican Party that helped define him as both a man and a candidate? Furthermore how did media coverage frame his competitors and the race itself a contest characterized by its rollercoaster nature? *Last Man Standing* examines mainstream media coverage of the 2012 Republican primary season to identify and examine the frames used to make sense of the candidates and the race. Through an exhaustive analysis of candidate related coverage from six major media outlets The New York Times Wall Street Journal and Washington Post for newspapers CNN Fox News and MSNBC for cable news networks Coombs weaves her examination of media frames into a compelling narrative reconstruction of the 2012 primary season. This book features Exhaustive analysis of mainstream media coverage over a twelve month period Smart insightful exploration of media frames Chronological structure which allows for analysis to address how frames shift with candidate's fortunes
