**The Secret Story of the Dark Web: The Illegal Internet Exposed!** Derek Mailhiot, 101-01-01 Ever hear of the Dark Web If so you may think it sounds rather mysterious maybe even ominous If that s what you think your instincts are right and the Dark Web now has tens of thousands of websites and many millions of daily users What are all those people doing on the Dark Web Well some people just feel strongly about their privacy and prefer to hang out where they can t be tracked and watched by anyone Even Facebook has a website on the Dark Web where they don t keep logs on user activity That s what the Dark Web is all about PRIVACY Everyone from activists whistleblowers journalists businesses militaries and everyday people use the Dark Web to block tracking and be anonymous Naturally cybercriminals have flocked to the Dark Web too Many of the Dark Web s most widely known websites have been criminal enterprises At the top of the list are sites selling illegal drugs including illegally obtained prescription medicines Many other sites facilitate financial crime such as money laundering counterfeiting or trade in stolen accounts or credit cards But the Dark Web gets even darker than simple cybercrime Hundreds of websites espouse extremist ideologies or support for terrorist violence some with how to guides or extremist community forums Over 100 known sites peddle child pornography Dozens of sites tout everything from hacking tools and malware to weapons and hitmen for hire *The Secret Story of the Dark Web* exposes some of the more nefarious

illegal activity that occurs on the Dark Web Discover how the amorphous hacktivist collective called Anonymous has extirpated dozens of websites in its relentless mission to purge the Dark Web of child pornography Learn how the Kingpin of Child Porn was caught because of a simple misstep Find out how the 23 year old Canadian mastermind behind the largest illegal drug marketplace ever AlphaBay Market made 23 million in a few short years before his takedown by the FBI only to be found dead in his jail cell in Thailand just days after his arrest

**The Secret Language of Churches & Cathedrals** Richard Stemp, 2016-07-19 Who is depicted in that stained glass window What is the significance of those geometric figures Why are there fierce looking beasts carved amidst all that beauty Is there a deeper purpose behind the play of light and space in the nave Why is there a pelican on the lectern and ornate foliage on the pillars The largely illiterate medieval audience could read the symbols of churches and cathedrals and recognise the meanings and stories deliberately encoded into them For worshippers these were places of religious education and an awe inspiring feast that satisfied both the senses and the soul Today in an age less attuned to iconography such places of worship are often seen merely as magnificent works of architecture This book restores the lost spiritual meaning of these fine and fascinating buildings The Secret Language of Churches Cathedrals provides a three part illustrated key by which modern visitors can understand the layout fabric and decorative symbolism of Christian sacred structures thereby bringing back to life their original atmosphere of awe and sanctity Part One is an analysis of structural features outside and in from spires and domes to clerestories and brasses Part Two is a theme by theme guide which identifies significant figures scenes stories animals flowers and the use of numbers letters and patterns in paintings carvings and sculpture Part Three is a historical decoder revealing the evolution of styles from basilicas through Byzantine Romanesque Gothic and beyond For all those who seek to know more about Christian art and architecture this richly illustrated book will instruct and delight in equal measure
