The French Secret Services ,1993-01-01 The French secret services have a long history dating back to the ancien regime With the founding of the Third Republic 1870 1940 the famous Second Bureau was created as France s principal intelligence gathering organization After the Germans invaded France in 1940 however the services splintered and diversified with Vichy agencies and Collaborationists the Free French and the internal resistance all in contention More recently since 1944 the activities of the reorganized French secret services have extended across a surprisingly wide area sometimes with spectacular results as in the Greenpeace Affair in New Zealand in 1985 This volume deals with the French secret services according to a chronological framework which reflects the evolution of the services which were created and transformed by both internal and external historical factors The bibliography commences with an examination of the origins and development of the French Intelligence Service from the ancien regime to 1870 It then considers the history and activities of the secret services during the following periods the Third Republic the Second World War the Fourth Republic and the Fifth Republic firstly between 1958 and 1981 and then during the 1980s and 1990s including the Greenpeace Affair This is an essential reference tool for all those interested in the history of intelligence agencies and national security in general and in the development of the French secret services in particular

Visions of War M. Paul Holsinger,Mary Anne Schofield,1992 For Americans World War II was a good war a war that was worth fighting Even as the conflict was underway a myriad of both fictional and nonfictional books began to appear examining one or another of the raging battles These essays examine some of the best literature and popular culture of World War II Many of the studies focus on women several are about children and all concern themselves with the ways that the war changed lives While many of the contributors concern themselves with the United States there are essays about Great Britain Canada France Germany Poland Russia and Japan

Silent Heroes Sherri Greene Ottis,2021-12-14 In the early years of World War II it was an amazing feat for an Allied airman shot down over occupied Europe to make it back to England By 1943 however pilots and crewmembers supplied with escape kits knew they

had a 50 percent chance of evading capture and returning home An estimated 12 000 French civilians helped make this possible More than 5 000 airmen many of them American successfully traveled along escape lines organized much like those of the U S Underground Railroad using secret codes and stopping in safe houses If caught they risked internment in a POW camp But the French Belgian and Dutch civilians who aided them risked torture and even death Sherri Ottis writes candidly about the pilots and crewmen who walked out of occupied Europe as well as the British intelligence agency in charge of Escape and Evasion But her main focus is on the helpers those patriots who have been all but ignored in English language books and journals To research their stories Ottis hiked the Pyrenees and interviewed many of the survivors She tells of the extreme difficulty they had in avoiding Nazi infiltration by double agents of their creativity in hiding evaders in their homes sometimes in the midst of unexpected searches of their generosity in sharing their meager food supplies during wartime and of their unflagging spirit and courage in the face of a war fought on a very personal level Child At War Mark Bles,2013-11-28 At the age of fifteen Hortense Daman embarked on a secret career In her German occupied hometown of Louvain Belgium she joined the resistance first as a courier then as a fighter She ran terrifying risks smuggling explosives in her bicycle pannier past German soldiers and helping allied airmen to safety It couldn't last and it didn't She was later betrayed imprisoned and condemned to death Separated from her family she and later her mother was sent to the women's inferno Ravensbruck concentration camp Subjected to horrific medical experiments she endured starvation illness freezing temperatures and she watched helplessly as thousands died around her Yet against unimaginable odds she survived Child at War is the true extraordinary and often shocking account of the years that saw Hortense change from the innocent schoolgirl to freedom fighter and ultimately to survivor of the most atrocious regime the world has ever seen The Fatal Lover Julie Wheelwright,1992 Biografie van de Nederlandse danseres Mata Hari 1876 1917 die in de Eerste Wereldoorlog in Frankrijk ter dood veroordeeld werd vanwege vermeende spionage voor de Duitsers **Women in the Resistance** Margaret L.
