Tarrant, 1995-04-26 Culled from business headlines and corporate files *Why Smart People Do Dumb Things* is an in depth examination of the ultimate in boardroom breakdown a postmortem of the mega mistakes made by highly regarded leaders in business and public life From the New Coke debacle to the poor subscription showing of the Olympic Triplecast to the swirling controversy of Whitewater Feinberg describes how strong minds can misuse their power and why bright people often seize upon and advocate brilliantly ideas that others recognize as ridiculous

Blind Spots Madeleine L. Van Hecke, 2007 Psychologist Van Hecke argues that much of what we label stupidity can better be explained as blind spots Full of funny poignant stories about human foibles *Blind Spots* offers many insights for improving our social and political lives

*Why Smart People Do Stupid Things* Gene F. Ostrom Ph. D., 2008-12 *Why Smart People Do Stupid Things Revised and Updated* follows the original publication by more than seven years We worried and fretted then particularly about the stupidity exhibited by two of our recent presidents Of course we worried about ourselves and the host of other intelligent people who behaved out of character at one time or another Today rather than seeing improvement we see a worsening of the condition in which obviously intelligent people do tragically stupid things Not only that The increased stupidity is operating at an institutional level Note the functioning of major financial corporations regulatory agencies of the federal government and the United States congress It is mind boggling Answers aren't easy to come by because there are complex political and sociological factors that have bearing on the problem But at the core and where it most matters are psychological and spiritual forces We need to take a look at individuals and individuals need to take a look at themselves This book explores why and it offers possible solutions The analyses are presented in a readily understandable style with numerous illustrations

Why Smart People Do Stupid Things Gene F. Ostrom, 2001-06-24 *Why Smart People Do Stupid Things* addresses a question that's frequently on our minds When Bill Clinton's affair with Monica

Lewinsky was exposed many people were utterly astounded How could he Most of us were asking Answers aren t easy to come by because we have spent considerable time building on our strengths to the neglect of our dark side We aren t only puzzled when we see friends co workers or public leaders engage in stupid unseemly unexplainable acts we are personally threatened by it If them why not still others or perhaps ourselves This book looks at numerous examples of apparently unexplainable stupidities with particular focus upon Richard Nixon and Bill Clinton Every mindless act doesn t turn out wrong There are occasions when the outcome greatly benefits us On the other hand there are many times when the result goes against us to our disadvantage if not to the point of tragedy Why This book addresses the complex issues involved in making rational decisions including excusable error Analyses are offered in a readily understandable style Potential solutions are described The topic is of vital interest to us individually as well as to the nation
