## **The Last September:**

**The Last September** Elizabeth Bowen, 2025-01-01 A young woman comes of age in the midst of rising violence during the Irish Troubles in this classic novel by the author of *The Death of the Heart* County Cork Ireland 1920 Though she is an orphan nineteen year old Lois Farquar enjoys a life of leisure supported by her uncle Sir Richard Naylor and his wife Lady Myra But just beyond the Big House a rebellion is brewing that threatens their way of life As the Naylors invite friends to join them including British officers sent to quell the uprising the tennis matches tea parties and romantic intrigues continue Yet all know that the end is approaching Lost within a world that feels increasingly unmoored Lois attempts to free herself from the very class that her elders are vainly defending *The Last September* depicts the tensions between love and loyalty and between tradition and emancipation from both personal and political beliefs **Ireland's Gramophones** Zan

Cammack, 2021-08-10 Because gramophonic technology grew up alongside Ireland's progressively more outspoken and violent struggles for political autonomy and national stability Irish Modernism inherently links the gramophone to representations of these dramatic cultural upheavals Many key works of Irish literary modernism like those by James Joyce Elizabeth Bowen and Sean O'Casey depend upon the gramophone for their ability to record Irish cultural traumas both symbolically and literally during one of the country's most fraught developmental eras In each work the gramophone testifies of its own complexity as a physical object and its multiform value in the artistic development of textual material In each work too the object seems virtually self-placed less an aesthetic device than a thing belonging primordially to the text The machine is also often an agent and counterpart to literary characters Thus the gramophone points to a deeper connection between object and culture than we perceive if we consider it as only an image enhancement or instrument This book examines the gramophone as an object that refuses to remain in the background of scenes in which it appears forcing us to confront its mnemonic heritage during a period of Irish history burdened with political and cultural turbulence [The Last September](#)
