Time Must Have A Stop:

Time Must Have a Stop Aldous. Huxley, 2026-08-11 From the author that brought us Brave New World comes the story of Sebastian Barnack a young poet on holiday with his uncle in Florence where his real education can begin Sebastian visits his uncles in Italy with the objective of finding formal wear for a party hosted by his friend against the wishes of his father In Florence our protagonist encounters many obstacles a Degas painting the Italian Fascisti and a seance Sebastian is torn between the material luxuries presented by his indulgent uncle Eustace and the spiritual wisdom of his uncle Bruno The novel that Aldous Huxley himself thought was his most successful at fusing idea with story Time Must Have A Stop is part of Huxley s lifelong attempt to explore the dilemmas of a twentieth century person and to create characters who though ill equipped to solve the dilemmas all go stumbling on in their painfully serious comedies Time Must Have a Stop Aldous Huxley (Schriftsteller, Grossbritannien, USA), 1966 **The Collected Works of Aldous Huxley: Time must have a stop** Aldous Huxley, 1946 **Time Must Have a Stop** Aldous Huxley, 1998 This is Mr Huxley s best novel for a very long time admirably constructed bright and sun pierced New Statesman and Nation **Aldous Huxley and the Search for Meaning** Ronald T. Sion, 2014-01-10 Aldous Huxley author of eleven novels remains one of the towering figures of the twentieth century his work resistant to passing fads in literature This critical biography explores Huxley s lifelong quest for self actualization by intertwining the events of his life and details of the creative period that produced each book Considering Huxley s letters essays and interviews in its examination of the thematic content of each novel the text finds a man striving for the intellectual growth that would yield a sound philosophical and spiritual view of life one he infused into his work *Aldous Huxley* Harold Bloom, Sterling Professor of Humanities Harold Bloom, 2010 A collection of critical essays on Huxley his satires and fiction works with a chronology of events in the author s life **Aldous Huxley Annual** Bernfried Nugel, 2012-11-28 Aldous Huxley Annual is the official publication of the Aldous Huxley Society at the Center for Aldous Huxley Studies in Münster Germany The Society publishes essays on the life times and interests of Aldous Huxley and his circle It aspires to be the sort of periodical that Huxley would have wanted to read and to which he might have contributed Aldous Huxley Annual celebrates its 10th anniversary with a special double numbered issue The chief contributor on this momentous occasion is Aldous Huxley himself Volume 10 11 contains a treasure trove of new Huxley items such as letters poems stories talks proposals introductions and playlets all arranged in chronological order The contributions date from 1916 and run through 1963 the year of Huxley s death Moreover for the first time Huxley is presented as an accomplished painter the book s editors are proud to have procured reproductions of five Huxley paintings owned by his grandchildren Teresa and Mark Trevenen Huxley The concluding section of the book consists of several articles on particular aspects of Huxley s work Series Aldous Huxley Annual Vol 10 *Aldous Huxley* Peter Bowering, 2014-01-13 Essays analysing the decline of Aldous Huxley as a novelist have become a commonplace of literary criticism over the past two decades yet he continues to be read

and few writers equal his ability to make moral concepts exciting to animate ideas and clothe them with life and vitality In this study of the nine major novels from *Crome Yellow* 1921 to *Island* 1962 Mr Bowering offers a positive evaluation Huxley's achievements as a novelist of ideas as the moralist of a scientific age and as an ironist worthy to be compared with Swift He shows how the conflicting claims of morality and art must be judged in relation to Huxley's work as a whole and to this search for a way of life which would fit all the facts of experience All the principle novels require some knowledge of Huxley's source materials to be adequately understood and Mr Bowering is particularly informative on this score His discussion indeed attempts to set the novels in the widest possible area of reference

The Tempo of Modernity Gabriel R. Ricci, 2017-09-08 The present work is a study in the history of an enduring idea that defines the inner life of the mind and also supplied a substratum for the twentieth century literary imagination and substance for philosophical thinking producing a unique alliance between philosophy and literature This special union was forged by a new holistic conception of time which supplemented and even supplanted the conventional sense of chronological time This temporal turn animated the existential insights of Husserl Heidegger and Bergson but it was grounded in nineteenth century advances in the biological sciences the hegemony of Hegelianism and even stretched back to Augustine's early meditation on time in Book XI of his *Confessions* In linking together a set of thinkers who addressed this form of temporal consciousness Gabriel R Ricci illuminates a common intellectual preoccupation from the vantage point of a concept The authors do not together assemble the thought it is the thought that produced a collective voice This voice appears in the episodes outlined in each chapter and they are framed by an introduction which explores Joseph Frank's insights into the new spatial forms in literature and an epilogue which resurrects J W Dunne's peculiar dream experiments and theory of precognition Ricci employs Frank's seminal essay to draw comparisons between literature's adaptation of the new time sense and philosophy's expression of the new compatibility between space and time Dunne's theory serves to demonstrate the continuity between literary form and philosophical speculation

Dawn and the Darkest Hour George Woodcock, 2007 The author of four truly important novels *The Recognitions* in 1955 *J R* in 1975 *Carpenter's Gothic* in 1985 and *A Frolic of His Own* in 1995 William Gaddis is considered by many literary scholars to be one of the most outstanding novelists of the twentieth century to be spoken of in the same breath as James Joyce Robert Musil and Thomas Pynchon *Hints and Guesses* William Gaddis's *Fiction of Longing* is the first scholarly work to discuss all four Gaddis novels While not dismissing the inclination of many scholars to view Gaddis's fiction as postmodern Christopher Knight moves critical response in another direction toward a discussion of Gaddis's significance as a satirist and social critic Knight investigates Gaddis's predominant thematic interests including those of contemporary aesthetics Flemish painting forgery corporate America Third World politics and the U S legal system What Knight finds is an author not only acutely sensitive to post war social realities but also one whose critique carries with it an implied utopian dimension

Aldous Huxley, from Poet to Mystic Jerome Meckier, 2011 Aldous Huxley began as a poet He perfected the

voice of the modern satirical poet of ideas who used art against itself to produce a parodic poetry of breakdowns collapses stalemates and dead ends best suited to the apparent pointlessness of the post war era His cleverest most irreverent poems are contrapuntal they in effect silence venerable poets and cancel traditional formats Huxley s poetic personas either fail to preserve conventional forms or purposely sabotage them By 1920 Huxley became the parodic equivalent of the formative intelligences i e Dante Goethe and Lucretius who once synthesized their respective eras positively In this book author Jerome Meckier explicates most of Huxley s poems including Leda his masterpiece an ironical modern myth Meckier traces Huxley s development in terms of the poets he inserted in five of his eleven novels along with their poems These poets mostly fail as poets their different stances falling apart one after another But Huxley began to detect a spiritual significance underlying the creative urge This allowed him to rehabilitate many of the Romantic and Victorian poets he formerly ridiculed as frauds and liars Eventually he celebrated mystical contemplation as silent poetry positing a utopia in which everyone is a poet to the limits of his or her potentiality Huxley became the perennial philosopher a neo Brahmin the sage like figure he initially personified parodically His paradigmatic career took him from a Pyrrhonic silencing of outmoded poems and poets to the advocacy of a poetry of silence Series Human Potentialities Studien zu Aldous Huxley zeitgenossischer Kultur Studies in Aldous Huxley Contemporary Culture Vol 11

After the Fireworks Aldous Huxley, Gary Giddins, 2016-10-04 After the Fireworks is a major work and a turning point for Huxley leading directly to Brave New World Gary Giddins After the Fireworks is a collection of three lost classic pieces of short fiction by Aldous Huxley author of Brave New World with a foreword by National Book Critics Circle Award winner Gary Giddins now available as an Olive Edition In the title novella Rome is the stunning backdrop for a renowned novelist s dangerous affair Uncle Spencer is the exquisite New Statesman tale of an aging World War I veteran s quest for the lost love he met in a prison during the war and Two or Three Graces probably the thing nearest perfection of all that Huxley has done New Statesman recounts a destructive writer s abusive relationship with an impressionable housewife Now brought back in print for the first time in seventy five years the novellas newly collected in After the Fireworks reveal Aldous Huxley at the height of his powers
