

pieces

I watched her drop the mirror
saw her face adopt the fear
that she would now be destined
to bad luck for seven years

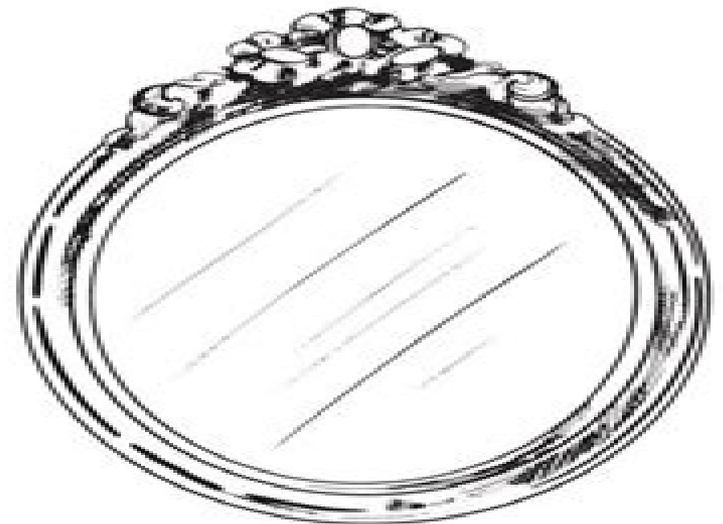

but she looked at the pieces
there were hundreds, maybe more
and she noticed how they caught the light
in ways they'd not before

the light was bouncing everywhere
all spirited and bright
a hundred little mirrors
bringing all that light to life

so she picked up all the pieces
whilst she still had every chance
and she turned her bad luck
into opportunities to dance

and if you ever watched her
you would notice how she smiled
and how she moved and shimmered
like her soul had come alive

and if you didn't know her secret
you would not consider
that the glitterball she danced around
was once a broken mirror

Enjoying the Song of Term: An Mental Symphony within **Time Pieces Poems**

In some sort of consumed by monitors and the ceaseless chatter of fast transmission, the melodic splendor and emotional symphony developed by the written word often fade into the back ground, eclipsed by the relentless noise and distractions that permeate our lives. But, set within the pages of **Time Pieces Poems** a charming fictional value overflowing with fresh emotions, lies an immersive symphony waiting to be embraced. Constructed by a wonderful musician of language, that charming masterpiece conducts readers on a mental trip, well unraveling the concealed songs and profound influence resonating within each carefully constructed phrase. Within the depths of the poignant examination, we shall discover the book is key harmonies, analyze their enthralling publishing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
