

STEP 2

Using the lines as guides, draw the legs and arms. Create a grid on the face—it'll help you when you add the facial characteristics later.

STEP 3

Now draw some circles where Cale's arm muscles will go. Use the lines on the face to position the eyes, nose, and mouth. Add the hair and the pocket on the pants.

STEP 4

Erase all of the unnecessary lines. This will give you a clear outline of Cale's arms, head, and pants. Add the details in the clothes and shoes.

STEP 5

Time to add the finishing touches. When you are finished with your drawing and are satisfied with the results, finish in ink. Then, erase all of the pencil lines. You've just created Cale Tucker. Good job!

Titan Ae How To Draw:

Titan A.E. William Connor, 2000 Contains step by step instructions for drawing the characters from the movie *Titan A.e. How to Draw* William Connor, 2000-05-01 In just five simple steps kids learn to draw even the most complex looking creatures and vehicles fresh off the space age screen of Titan A E this summer s animated film sensation Full color *Titan A.E.* Kevin J. Anderson, Rebecca Moesta, 2000 Before Cale can become a hero he has to become a man When he was five Cale Tucker lost everything He watched the alien Drej destroy Earth He watched his father leave him saw him borne skyward in the great starship Titan moments before the end And he never saw Sam Tucker again Raised by his alien guardian Tek Cale grew up as a refugee among the stars Each time he and Tek found a place to settle the Drej would come bringing with them more death and destruction So many places so many losses Cale Tucker is alone He is angry It seems to him sometimes that the Drej are after him personally He s right Cale Tucker holds the secret to the salvation of mankind The Drej know this But Cale doesn t and that could cost him his life Titan A E Cale s Story Titan A E 2000 Twentieth CenturyFox Film Corporation All rights reserved **Titan A.E.** Steve Perry, Dal Perry, 2000 Fifteen years after Earth Cale Tucker still remembers the invasion of the alien Drej but with Human survivors scattered across the galaxy he has forgotten how to dream until he discovers a map left for him by his brilliant scientist father **Titan A.E.** Querida Lee Pearce, Jodi Huelin, Jennifer Frantz, 2000 The backdrop for the adventure in Titan A E is space ever fascinating always mysterious The science based principles that this book explores involves kids in the film in an entirely new way What is a black hole Could something really blow up Earth Take a hip look at the science of stars and space relating it to the science fiction of Titan A E **Drawing the Line** Tom Sito, 2006-10-06 Some of the most beloved characters in film and television inhabit two dimensional worlds that spring from the fertile imaginations of talented animators The movements characterizations and settings in the best animated films are as vivid as any live action film and sometimes seem more alive than life itself In this case Hollywood s marketing slogans are fitting animated stories are frequently magical leaving memories of happy endings in young and old alike However the fantasy lands animators create bear little resemblance to the conditions under which these artists work Anonymous animators routinely toiled in dark cramped working environments for long hours and low pay especially at the emergence of the art form early in the twentieth century In *Drawing the Line* veteran animator Tom Sito chronicles the efforts of generations of working men and women artists who have struggled to create a stable standard of living that is as secure as the worlds their characters inhabit The former president of America s largest animation union Sito offers a unique insider s account of animators struggles with legendary studio kingpins such as Jack Warner and Walt Disney and their more recent battles with Michael Eisner and other Hollywood players Based on numerous archival documents personal interviews and his own experiences Sito s history of animation unions is both carefully analytical and deeply personal *Drawing the Line* stands as a vital corrective to this field of Hollywood history and is an important look at the animation industry s past present and

future Like most elements of the modern commercial media system animation is rapidly being changed by the forces of globalization and technological innovation Yet even as pixels replace pencils and bytes replace paints the working relationship between employer and employee essentially remains the same In *Drawing the Line* Sito challenges the next wave of animators to heed the lessons of their predecessors by organizing and acting collectively to fight against the enormous pressures of the marketplace for their class interests and for the betterment of their art form *Producing Animation* Catherine Winder,Zahra Dowlatabadi,2013-02-11 Drawing heavily from the authors twenty years of combined experience *Producing Animation* offers a clear overview of this exciting industry and a comprehensive guide to the process of developing a project from conception to final delivery Written from the perspective of a producer this book offers the foundation of how a project is created in addition to describing the role of the producer at each phase Answers are provided to many of the most commonly asked questions about animation ranging from how to enter the business to the average cost and schedule for a prime time animated series *Producing Animation* has the first of its kind comprehensive chart of accounts for animation named the Animation Budget Builder which can be individually tailored for each project Visit www.MovieMagicProducer.com for more details Students aspiring producers investors television and studio executives artists film line producers wishing to branch into animation and legal advisors will find this an invaluable tool The chapters specifically geared to the pre production production and postproduction processes offer animation producers a wealth of practical advice Numerous illustrations outline the different steps of production Forms the authors have devised to help streamline the process are also included Observations from a wide range of industry professionals such as studio heads creators directors producers writers and members of the production crew give the reader insight into what it takes to be successful in this business The authors personal anecdotes at key process checkpoints relay firsthand experience illustrating some of the pitfalls a producer must learn to circumvent Detailed information on preparing a thorough production plan including the budget schedule and crew plan can also be found in this book *The Animated Movie Guide* Jerry Beck,2005-10-28 Going beyond the box office hits of Disney and Dreamworks this guide to every animated movie ever released in the United States covers more than 300 films over the course of nearly 80 years of film history Well known films such as *Finding Nemo* and *Shrek* are profiled and hundreds of other films many of them rarely discussed are analyzed compared and catalogued The origin of the genre and what it takes to make a great animated feature are discussed and the influence of Japanese animation computer graphics and stop motion puppet techniques are brought into perspective Every film analysis includes reviews four star ratings background information plot synopses accurate running times consumer tips and MPAA ratings Brief guides to made for TV movies direct to video releases foreign films that were never theatrically released in the U S and live action films with significant animation round out the volume *American Book Publishing Record* ,2002 **The British National Bibliography** Arthur James Wells,2000 *Forthcoming Books* Rose Army,2000-06 *Billboard* ,2000-04-15 In its 114th
