A Voice for the Redwoods Loretta Halter,2010-04 A Voice for the Redwoods for children aged seven to twelve is the story of one redwood tree s growth and adventures from seedling to maturity Its vivid depictions of the drama of life and death among the forest s plants and animals entertain young readers while also presenting the biology of a tree s life functions and growth stages as well as the interrelationships of plants and animals in the forest ecosystem *Redwood National Park* United States. green transformation manipulating energy markets and exploiting the very communities it claims to uplift. Joined by Brandy Elliott, a disillusioned investigative journalist, they delve deeper into the conspiracy, their combined skills weaving a dangerous dance with power. Anya's algorithms uncover hidden connections while Kai navigates the city's underbelly, gathering testimonies from the forgotten voices. As they expose Helios Corp's web of deceit, the stakes escalate, their quest for truth becoming a fight for survival. Amidst the growing danger, their burgeoning romance blossoms, a beacon of hope in the encroaching darkness. Their love, forged in shared purpose, becomes an unbreakable bond fueling their determination to reveal the truth and reclaim Luminos's future. In a climactic showdown, they expose Helios Corp's machinations, igniting a city-wide uprising. Anya's art becomes a weapon of truth, Kai's activism a rallying cry, and Brandy's words a catalyst for change. The fight is far from over, but Luminos has awakened its citizens, empowered to shape their own destiny. Anya and Kai, their chrome hearts beating in unison with the redwood souls of the awakened city, stand together, ready to face the challenges ahead. Their love, a testament to the transformative power of human connection and the unwavering pursuit of a brighter tomorrow, is a fusion of art, activism, and unwavering hope. This is a must-read for anyone who believes in the power of change.

*Still Life with Allen Keys* Brien Cole, 2018-09-01. The best of Brien Cole's work is the story of Morning Parrot Trees. And it is superb. The concreteness and fantasy of Fisher's search for the parrot flower are perfectly poised. This is imaginative writing of a high order. The technique is to take the reader inside the action and never let go. His skill lies in knowing what matters. Perhaps his most impressive characteristic is that he does know what matters and resists wasting words on unnecessary explanations. The best of these stories are mulled over and mature every detail if lovingly placed.

Rodney Hall, Sydney Morning Herald. Brien Cole has the rare ability in a prose writer of handling flamboyant metaphors with credible panache and rhythm, avoiding the ponderous. We experience the casual interchange between fantasy and reality that distinguishes the best of Peter Carey's work: the insinuating reasonableness of the fable rather than simply gawking at the bizarre. Brien Cole's characters are impossible to place: socially blue-collar fringe dwellers, bourgeois drop-outs. They communicate only haphazardly with their fellows, yet feel betrayed by nature. A fascinating collection, both of characters and of stories. The most original I have encountered for some time.
