The Use of the Voice in Reading and Speaking Francis Thayer Russell,1883 **Paul Robeson's Voices** Grant

Olwage,2023-11-20 Paul Robeson s Voices is a meditation on Robeson s singing a study of the artist s life in song Music historian Grant Olwage examines Robeson s voice as it exists in two broad and intersecting domains as sound object and sounding gesture specifically how it was fashioned in the contexts of singing practices in recital concert and recorded performance and as subject of identification Olwage asks how does the voice encapsulate modes of subjectivity of being Combining deep archival research with musicological theory this book is a study of voice as central to Robeson s sense of self and his politics Paul Robeson s Voices charts the dialectal process of Robeson s vocal and self discovery documenting some of the ways Robeson s practice revised the traditions of concert singing in the first half of the twentieth century and how his voice manifested as resistance *Atalanta* ,1897 *Voice Power* Renée Grant-Williams,2002 A celebrity voice coach offers tips techniques and exercises to enhance the natural voice to improve persuasiveness and confidence in business and personal situations **Cognitive-behavioural Therapy with Delusions and Hallucinations** Hazel E. Nelson,2005

Written in a highly accessible style this book gives detailed practical guidance providing the reader with a range of strategies and techniques set within a clear structured framework **The Power of the Voice** Jean Abitbol,2018-03-30 The secrets of the human voice by leading world expert Dr Jean Abitbol We possess a priceless and powerful treasure our voice The Power of the Voice is a scientific and personal voyage of exploration into the vocal instrument that each of us possesses without necessarily understanding it or knowing the true measure of its power An alchemy between body and mind instrument of persuasion and charm our voice is the reflection of our personality It can bring us fortune or cause our loss It fascinates scientists philosophers doctors and those interested in caring for the voice From the voices that seduce us to the voices that lead us the author unveils the secrets of the voice and its power of attraction How is the human voice formed How does our voice change according to our emotions situations and conversations How do politicians performers teachers or seducers develop the power of their voices Enriched with numerous delightful anecdotes including some about celebrities and politicians the reader will better understand how the voice can inspire attraction and even repulsion This fascinating read will be of interest to people who use their voice often including singers actors teachers comedians journalists politicians lawyers and anyone with an interest in the human voice **Theories of the Soundtrack** James Buhler,2018-10-03 A theory

of the soundtrack is concerned with what belongs to the soundtrack how a soundtrack is effectively organized how its status in a multimedia object affects the nature of the object the tools available for its analysis and the interpretive regime that the theory mandates for determining the meaning sense and structure that sound and music bring to film and other audiovisual media Beyond that a theory may also delineate the range of possible uses of sound and music classify the types of relations that films have used for image and sound identify the central problems and reflect on and describe effective uses of sound in film This book summarizes and critiques major theories of the soundtrack from roughly 1929 until today Rather than providing an exhaustive historical survey it sketches out the range of theoretical approaches that have been applied to the soundtrack since the commercial introduction of the sound film The basic theoretical framework of each approach is presented taking into account the explicit and implicit claims about the soundtrack and its relation to other theories The organization is both chronological and topical the former in that the chapters move steadily from early film theory through models of the classical system to more recent critical theories the latter in that the chapters highlight central issues for each generation the problem of film itself then of image and sound of adequate analytical descriptive models and finally of critical interpretative models
