Analytical and Classified Catalogue of the Library ...: I.-P Dennis O'Donovan,1899 Mrs. Eddy Edwin Franden Dakin,1929 **Bad Christians, New Spains** Byron Ellsworth Hamann,2019-10-28 This book centers on two inquisitorial investigations both of which began in the 1540s One involved the relations of Europeans and Native Americans in an Oaxacan town in New Spain today s Mexico The other involved relations of Moriscos recent Muslim converts to Catholicism and Old Christians people with deep Catholic ancestries in the Mediterranean kingdom of Valencia in the old Spain Although separated by an ocean the social worlds preserved in the inquisitorial files share many things By comparing and contrasting the two inquisitions Hamann reveals how very local practices and debates had long distance parallels that reveal the larger entanglements of a transatlantic early modern world Through a dialogue of two microhistories he presents a macrohistory of large scale social transformation We see how attempts in both places to turn old worlds into new ones were centered on struggles over materiality and temporality By paying close attention to theories and practices of reduction and conversion Hamann suggests we can move beyond anachronistic models of social change as colonization and place questions of time and history at the center of our understandings of the sixteenth century past The book is an intervention in major debates in both history and anthropology about the writing of global histories our conceptualizations of the colonial the nature of religious and cultural change and the roles of material things in social life and the imagination of time **A Contents-subject Index to General and Periodical Literature** Alfred Cotgreave,1900 *Punk Rock is My Religion* Francis Stewart,2017-06-26 As religion has retreated from its position and role of being the glue that holds society together something must take its place Utilising a focused and detailed study of Straight Edge punk a subset of punk in which adherents abstain from drugs alcohol and casual sex Punk Rock is My Religion argues that traditional modes of religious behaviours and affiliations are being rejected in favour of key ideals located within a variety of spaces and experiences including popular culture Engaging with questions of identity construction through concepts such as authenticity community symbolism and music this book furthers the debate on what we mean by the concepts of religion and secular Provocatively exploring the notion of salvation redemption forgiveness and faith through a Straight Edge lens it suggests that while the study of religion as an abstraction is doomed to a simplistic repetition of dominant paradigms being willing to examine religion as a lived experience reveals the utility of a broader and more nuanced approach **Analytical and classified catalogue of the library of the parliament of Queensland** Denis O'Donovan (C.M.G.),Queensland. Parliament. Library,1899 Wonder as a New Starting Point for Theological Anthropology José Francisco Morales Torres,2023-04-04 In Wonder as a New Starting Point for Theological Anthropology Opened by the World Jos Francisco Morales Torres constructs a new theological anthropology that begins with wonder He contends that the visceral experience of wonder is an opening up of the human by an excess that saturates the world This opened by ness points to a transforming receptivity as the basis of the person and to an extravagant Generosity

that grounds all creation Thus wonder which is grounded in generous Excess is not only a gift but a demand it calls for a liberative praxis that resist the forces that flatten the fullness of life into what is useful and profitable and that reduce the limitless worth of fellow humans to mere commodities to be exploited and exchanged at the altar of the idolatrous Market Wonder reveals a primordial receptivity in the human person which demands of us an ethic of sustainability that does not reduce the other to commodity a vulnerability that risks being opened by the other a commitment to solidarity and liberation that resist the forces of an insatiable idolatrous Market that seeks only to steal and kill and destroy *The Palgrave*

Handbook of Christianity in Africa from Apostolic Times to the Present Andrew Eugene Barnes, Toyin Falola, 2024-03-07 This comprehensive Handbook provides chapter length surveys of the history of Christian missions and Christian churches on the African continent since the time of Christ Africa is rapidly becoming the most Christianized region of the world While common narratives about Christianity tend to present Christianity as a set of ideas and beliefs imposed on Africa from the outside such narratives hold little meaning for African Christians or for those seeking to understand Christianity in Africa as an indigenous faith The aim of the Handbook is to propose a set of scholarly starting points for a new set of narratives The chapters collected here communicate an idea of Christianity as it has been embraced among African peoples at particular historical moments It therefore grants voice to the various strands of African Christianity on their own terms and offers scholarly study of what these voices teach us about how the world s most adhered to religion is practiced and understood on the continent of Africa **From Pluralism to Extinction?
