## **Yank In The Raf:**

*A Yank in the R.A.F.* Karl Tunberg, Darrell Ware, 1941      One World, Big Screen M. Todd Bennett, 2012-11-01 World War II coincided with cinema's golden age. Movies now considered classics were created at a time when all sides in the war were coming to realize the great power of popular films to motivate the masses. Through multinational research, One World Big Screen reveals how the Grand Alliance—Britain, China, the Soviet Union, and the United States—tapped Hollywood's impressive power to shrink the distance and bridge the differences that separated them. The Allies. M. Todd Bennett shows strategically manipulated cinema in an effort to promote the idea that the United Nations was a family of nations joined by blood and affection. Bennett revisits *Casablanca*, *Mrs. Miniver*, *Flying Tigers*, and other familiar movies that he argues helped win the war and the peace by improving Allied solidarity and transforming the American worldview. Closely analyzing film, diplomatic correspondence, propagandists' logs, and movie studio records found in the United States, the United Kingdom, and the former Soviet Union, Bennett rethinks traditional scholarship on World War II diplomacy by examining the ways that Hollywood and the Allies worked together to prepare for and enact the war effort.

**Box Office**, 1941      The Films of World War II Joe Morella, Edward Z. Epstein, John Griggs, 1975 Pictorial history of Hollywood's war years. Annotated filmography with reviews and stills.

**Punch**, 1929      *We Can Take It!* Mark Connelly, 2004 *We Can Take It* explores how the memory of the Second World War continues to affect British contemporary life and why the war effort holds an important place in British culture, history, and national identity. Connelly explores the way in which the British memory of the Second World War was created during the war and maintained after it through cultural artifacts such as films, comics, art, literature, and toys. Connelly moves away from recent interpretations of the British war effort which have suggested that the rosy vision of cohesion, solidarity, and unity is little more than a myth. Britain's role in the war is seen as something that we should be proud of and need to come to terms with in order to eradicate problems in our national self-perception.

Journal of the Aeronautical Sciences, 1940      **Time** Briton Hadden, Henry R. Luce, 1942      *Scribner's Commentator*, 1941      **Hollywood War Films, 1937-1945** Michael S. Shull, David E. Wilt, 1996 From 1937 through 1945 Hollywood produced over 1,000 films relating to the war. This enormous and exhaustive reference work first analyzes the war films as sociopolitical documents. Part one, entitled *The Crisis Abroad 1937-1941*, focuses on movies that reflected America's increasing uneasiness. Part two, *Waging War 1942-1945*, reveals that many movies made from 1942 through 1945 included at least some allusion to World War II.

The Good Fight Garry Campion, 2009 The Battle of Britain lasted for sixteen weeks during later 1940, yet this struggle for air supremacy was vital in thwarting Hitler's invasion threat. *The Good Fight* discusses wartime propaganda where The Few, the RAF's fighter and bomber pilots, captivated the world through their combat prowess and valor. Projected through press, film, radio broadcasts, and publications, this book assesses the constituencies, organizations, censorship, and approaches deployed in exploiting this fortuitous opportunity and the impact upon British morale. Charting its roots in the run-up to war, it discusses

the evolving propaganda coverage throughout the war years and the post war historiography      **Catalog of Copyright**
