Dyson, 1985 British born physicist Dyson examines the historical and cultural context in which nuclear weapons were made and argues that the problems they pose are part of the history of man and war and that their control lies within our cultural political and technical possibilities Along with moving personal memories of war and pacifism he offers insightful comments on the Soviet Union and the issue of verification He concludes that the demands of military realism are compatible with the moral imperative to move away from nuclear weapons and that a radical shift toward non nuclear strategy can exist beside the realities of Soviet power For sale in India at Rs 80 00 *The Abraham Accords* Elham Fakhro, 2024-11-12 In August 2020 Donald Trump announced that his administration had brokered a groundbreaking treaty between Israel and the United Arab Emirates the first normalization agreement between Israel and an Arab state in more than twenty years Soon afterward Bahrain joined the agreements known as the Abraham Accords How were these treaties achieved and why did the parties involved see normalization as in their interest In what ways have the accords altered the Middle East's political landscape and how have they affected the question of Palestine This book is a groundbreaking in depth analysis of the Abraham Accords shedding new light on their causes and consequences Elham Fakhro demonstrates how shared security concerns economic interests and regional political shockwaves led to a surprising strategic convergence between the Gulf states and Israel setting the stage for covert relations to come out into the open She examines the role of the Trump administration in negotiating the agreements and shows how the UAE and Bahrain have instrumentalized the accords to burnish their reputations in Western capitals Fakhro underscores how Washington's Middle East policy shifted toward expanding the agreements at the expense of attention to the Israeli Palestinian conflict with profound costs Offering a critical lens on a much hailed agreement this book argues that the pursuit of normalization in isolation from a lasting solution to the conflict has entrenched the conditions that continually plunge the Middle East into crisis **America and Her Problems** Paul H.B. d'Estournelles de Constant, 1915 **America and Her Problems** Paul-Henri-Benjamin Balluet Estournelles de Constant (baron d'), 1915 **The New Yorker**, 1984 **Scattered Leaves from a Physician's Diary** Albert Abrams, 1900 British Foreign Secretaries, 1807-1916 Algernon Cecil, 1927 **Diary of a Physician** Albert Abrams, 1923 **The Parliamentary Debates (official Report)**.
