## **Vitraux De Chartres:**

**Les vitraux de la cathédrale de Chartres** Yves Delaporte,1926 Etudes sur les vitraux de Suger à Saint-Denis (XIIe siècle) Louis Grodecki,1995 **Vitraux de Chartres** ,1975 *Les vitraux de Chartres* Jean Villette,1979 Les Vitraux de Chartres ,1969\* **Vitraux de Chartres** Colette Manhès,Jean-Paul Deremble,2003 La cathédrale de Chartres conserve le plus vaste ensemble de vitraux médiévaux parvenus jusqu'à nous. Le tout récent chantier de restauration a redonné toutes les verrières basses et une partie des verrières hautes leur éclat et leur lisibilité d'origine. La qualité de la peinture est remarquable comme le sont aussi la cohérence du style et du programme iconographique ainsi que la densité du message. Au tournant des années 1200 priodes où la société bouge considérablement où l'art cherche à capter le quotidien où les techniques se perfectionnent ces vitraux offrent un fantastique témoignage sur les goûts et les coutumes de ce temps les tensions politiques et les pratiques littéraires la fonction liturgique et théologique des images sur les artisans les clercs et les seigneurs sur les gestes et les plaisirs les objets et les systèmes de pensée. Ce sont surtout de fabuleuses œuvres d'art alliant savoir-faire ancestral et procédés sophistiqués fruits d'une réflexion complexe élaborés par des artistes anonymes venus de partout aux talents très divers sobres ou diserts contemplatifs ou énergiques traditionnels ou novateurs. En s'appuyant sur des photographies inédites et une maquette claire et élégante les auteurs posent un regard neuf sur ces vitraux et offrent un décryptage à la fois rigoureux clair et accessible tenant compte des dimensions esthétiques historiques et spirituelles qui entourent ces œuvres. Le parcours proposé groupe les fenêtres selon les grandes thématiques qui ont présidé à l'élaboration du programme global tout en invitant à chiffrer chaque verrière pour elle-même. Entrer dans l'univers de Chartres c'est emprunter tour à tour ces itinéraires pour pénétrer dans cet univers foisonnant si proche par sa capacité nous à blouir et si lointain par l'immense savoir qu'il véhicule. **The Grove Encyclopedia of Medieval Art and Architecture** Colum Hourihane,2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century. Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture. **Guide des vitraux de Chartres** Jean Villette,1987 **La cathédrale de Chartres** Jean Wirth,2025-01-23 Dans cet ouvrage succèdent ceux qui l'a consacré Villard de Honnecourt et la cathédrale de Reims Jean Wirth aborde la cathédrale de Chartres de la reconstruction de la façade après 1134 celle du reste de l'édifice entre 1194 et 1260. Il y étudie la sculpture et des vitraux tout en les situant dans la progression du chantier architectural. Un bon nombre de questions essentielles étaient restées en suspens et les opinions s'affrontaient souvent depuis longtemps sans faire ni vainqueur ni vaincu. Pour trouver des solutions il fallait résoudre une équation plusieurs inconnues. En effet il est impossible de parvenir à une chronologie sans comprendre l'organisation des chantiers ou de comprendre l'organisation des chantiers sans disposer d'une chronologie. Or établir la chronologie suppose

une bonne appréciation de la dureté des choses Cette dureté dépend du nombre et de la compétence des hommes qui y sont affectés mais les rares sources critiques dont nous disposons ne nous en disent rien Il faut se contenter ce sujet des indices fournis par le monument lui-même dont l'interprétation est fonction d'hypothèses parfois exprimées trop souvent tacites C'était l'un des points les plus importants clarifier Enfin l'iconographie devait être repensée On se demandait jusqu'à quel point celle des vitraux avait été programmée ou faite au coup par coup ces questions aussi de nouvelles réponses sont apportées Insights and Interpretations Colum Hourihane,2002 Established in 1917 the Index of Christian Art located at Princeton University is now the largest archive of medieval art in existence and the most specialized resource for the iconographer Throughout its eighty five years it has justly been recognized as one of the most learned institutions for the study of the art and culture of the medieval world The essays in this book all by staff or scholars of the archive highlight some of the current research in the archive and the scholarship for which it has been widely renowned The studies cover art from the Late Antique period to the end of the fifteenth century and include most of the media represented in the archive from manuscripts to sculpture to glass From reinterpreting previous scholarship to making new insights into the medieval mind they explore such themes as Jephtha's Daughter Mary Magdalene Saints Blaise Paul Joseph and Elisabeth of Hungary and topics including women in the Bibles moralisées Late German sermons the iconographic program at Bourges Cathedral Franciscan devotional art and a late medieval Islamic manuscript This volume presents some of the most exciting and interdisciplinary approaches to the study of these subjects from the home of medieval iconography in Princeton The contributors are Adelaide Bennett Lois Drewer Ivan Great Judith Golden Gerald Guest Margaret Jennings Margaret Lindsey Mika Natif Lynn Ransom Pamela Sheingorn and A E Wright
