Sex in Antiquity Mark Masterson, Nancy Sorkin Rabinowitz, James Robson, 2018-02-05. Looking at sex and sexuality from a variety of historical, sociological and theoretical perspectives as represented in a variety of media. Sex in Antiquity represents a vibrant picture of the discipline of ancient gender and sexuality studies, showcasing the work of leading international scholars as well as that of emerging talents and new voices. Sexuality and gender in the ancient world is an area of research that has grown quickly with often sudden shifts in focus and theoretical standpoints. This volume contextualises these shifts while putting in place new ideas and avenues of exploration that further develop this lively field or set of disciplines. This broad study also includes studies of gender and sexuality in the Ancient Near East which not only provide rich consideration of those areas but also provide a comparative perspective not often found in such collections. Sex in Antiquity is a major contribution to the field of ancient gender and sexuality studies.

Unleashed Joan M. Nesbitt, 2013-11-14. Her book of poetry Unleashed reveals her work and travels as a social justice educator as she mines the global landscape for What if Means to be Human. This epoch journey has included musings and reflections both real and imaginary that are steeped in her work with her undergraduate students at Kwantlen Polytechnic University while walking the Camino de Santiago trail in Spain, traversing the wilds of Kenya, Ethiopia and Tanzania, praying to unknown Gods in India, working with Habitat for Humanity in Fiji while dodging falling coconuts, cyclones and a tsunami warning and simply trying to live her life at home on both sides of the Salish Sea. At the end of this journey there are no words to adequately capture all that has befallen her. In addition to her poetic jottings and ruminations she will be launching an abstract art exhibition in anticipation that it will give her audiences the smallest of glimpses into examining the human condition through the tension and interplay of words, wet paint and the collision of the two.

The Thunderbolts are the elite fighting force for the Onyx and they are on the losing side. Against the legion, the Thunderbolts are either dead, captured or spread across the lifeless winds. The Thunderbolts were once seen as the only ones who can stop the legion and save the Earth, but now they are seen as fools who are fighting a lost cause. The question remains: will they live or will they die?
