Youth and Substance Abuse Kathryn Daley, 2016-11-30 This book provides a sociological examination of young people s pathways into and out of substance abuse Drawing from in depth life history interviews with over sixty young people who have experienced problematic drug use the author uses participants narratives to throw light on the relationship between trauma and issues such as homelessness crime and self injury Contesting the view that substance abuse is either a medical issue or individual failing the book examines the wide variety of factors which lead to youth substance abuse such as extreme poverty and other structural factors Whilst it does not overlook individual agency the rich descriptions from young people s oral histories show us that the contexts in which agency was exercised was often considerably constrained by significant structural forces The sociological concept of situated choice which is used to explain and understand how people make choices within their individual context is used throughout the book as we witness young people wrestling to escape intergenerational disadvantage The book will be of interest to scholars and students of Social Work Social Policy Youth Studies Sociology and Health Studies

True North-A Father's Compass Ron J. Lint, 2006-09 Young men and men of all ages need to know what God expects of them and what their role is in God s plan This book was written to warn of the new world view that teaches wrong concepts provides wrong reasoning and leads ultimately to failure in the family in churches and in communities Practical Life

McClure's Magazine, 1912

Benefits of Rejection Martin Meremikwu, 2012-01-04 Rejection is as much a spiritual experience as it is a social and a psychological experience Whether the reason for rejection is extreme and deep seated or seemingly flimsy and secular failure to recognise a spiritual undercurrent often makes victims of rejection focus on social and physical solutions with little or no recourse to the spiritual help abundantly provided by God in the Holy Bible

Narratives of Addiction Kevin McCarron, 2022-01-03 Narratives of Addiction Savage Usury is the first book to argue in the face of more than a century s

received wisdom that drug addiction and alcoholism are undoubtedly evidence of individual moral flaws. However, the sense of morality that underlies this book is completely severed from Christianity. Instead, it is influenced in particular by the writings of the nineteenth-century German philosophers Arthur Schopenhauer and Frederick Nietzsche, both of whom insisted that a genuine morality was actually incompatible with Christianity. The sequence of chapters moves from addictions on the streets into rehab clinics and finally into the meetings of Alcoholics Anonymous and Narcotics Anonymous. This is the first book to argue that the search for pleasure drives alcoholism and drug addiction, and not the numbing of pain. Throughout the book, I reject the claims of the medical profession as embodied by the American Medical Association that drug addiction and alcoholism are diseases, and further argue that they do not have the authority to tell hundreds of millions of Americans that addiction is not a moral failing. I also query throughout the book the claims of neuroscience, psychology, and the social sciences that addictions to alcohol and drugs are attributable to causes that their specific disciplines are best suited to understand. I argue that there is nothing complex about addiction; it is a simple behavioural disorder. The language routinely employed to discuss addiction is similarly not complex, just confused, and so it is also the rhetoric of addiction discourse, especially its use of simile, metaphor, and euphemism that this book evaluates.

Relief for Hurting Parents Buddy Scott, 1989. Bewildered by unexpected outbreaks of domestic combat in their heretofore happy homes, parents may feel intimidated, rejected, and insecure when their teenagers persistently misbehave. 12th Man Steven Dawson, 2021-03-01. Offering a painfully honest insight into the male psyche, *The 12th Man* is a fascinating account of how there can be far more to a die-hard football fan than meets the eye. Most fans don't choose their football club. In fact, the majority of them don't even choose football itself. Becoming a Leeds United fan was a rite of passage for Steven Dawson, and even had he known the scale of the drama that would unfold after he became a fan, he would never have supported another club.
