Wu Leichuan:

Wu Leichuan Sin-Jan Chu,1995 Wu Leichuan 1870 1944 was the last Christian with the Metropolitan degree in China and the first Chinese chancellor of Yenching University This book studies his intellectual odyssey from Confucianism to Christianity and analyzes his interpretation of Christianity and his attempts to utilize them in saving China from disintegration He was grounded in Confucianism and his understanding of the Christian faith as well as other foreign ideas was shaped by his Confucian heritage **Reading Christian Scriptures in China** Chloe Starr,2008-06-02 An important contribution to the debate on how Christian scriptures have been read within a Chinese reading tradition and the questions these readings pose for both theologians and specialists in Chinese studies **A Study of the Thought of Wu Leichuan (1870-1944)** ,1995 *Postcolonial Resistance and Asian Theology* Simon Shui-Man Kwan,2013-11-07 Presenting a fundamental re thinking of Asian theology this book focuses on theological indigenization in Asia in light of the postcolonial theory of resistance advanced by Homi K Bhabha among others Two types of anti colonialist resistance within Asian theologies are identified and interrogated The first is nationalistic in kind operating from a theological language that is binaristic and oppositional The second is illustrated by that which was mounted by the three Chinese Christian thinkers whose indigenous theologies are analysed in this book as case studies This second kind postcolonial in its character is characterized by collaboration rather than antagonistic binarism In spite of much dissimilarity between these two kinds of resistance the book argues that they are similarly anti colonialist and both can be equally valid in resisting colonial forces Given that the binarism and antagonism imbedded in the Asian theological movement are historically contingent and that the sole reliance on this resistance has made the movement self ensnaring the book suggests that the Asian theological movement widen its choice of colonial resistant strategies Drawing attention to the otherwise subtle politics of the Asian theological indigenization discourse this book addresses the relationship between postcolonialism and Asia contextual theology and is of interest to students and scholars of Asian Religion and Philosophy The Chinese Christology of T. C. Chao Yongtao Chen,2016-09-19 This volume offers a careful analysis of the contextual Christology of T C Chao one of the most important Chinese theologians and Chinese church leaders in the first half of twentieth century At the core of Chao s Christology is the encounter between Christianity and the Chinese people in particular the Chinese Christians In response to the rapid social changes in China between 1910 1950 he attempted to develop a relevant theology by focusing on the characteristics of Christianity and at the same time aiming to understand Christianity within its Chinese context Bible in Modern China Irene Eber,Sze-Kar Wan,Knut Walf,Roman Malek,2024-12-15 The volume presents the contributions of an international workshop held in Jerusalem in 1996 It includes a general index with glossary New Perspectives on Yenching University, 1916-1952 Arthur Lewis Rosenbaum,2015-01-08 Essays in New Perspectives on Yenching University 1916 1952 reevaluate the experience of China s preeminent Christian university in an era of nationalism and revolution Although the

university was denounced by the Chinese Communists and critics as an elitist and imperialist enterprise irrelevant to China's real needs the essays demonstrate that Yen-ching's emphasis on biculturalism cultural exchange and a broad liberal education combined with professional expertise ultimately are compatible with nation building and a modern Chinese identity They show that the university fostered transnational exchanges of knowledge changed the lives of students and faculty and responded to the pressures of nationalism war and revolution Topics include efforts to make Christianity relevant to China's needs promotion of professional expertise gender relationships and coeducation the liberal arts Sino American cultural interactions and Yen-ching's ambiguous response to Chinese nationalism Japanese invasion and revolution *Wu Leichuan* Sin-Jan Chu,1993 The Chinese Face of Jesus Christ: pt. 3.
