Understanding Consumer Financial Behavior W. Fred van Raaij,2016-07-15 Government policies

marketing campaigns of banks insurance companies and other financial institutions and consumers protective actions all depend on assumptions about consumer financial behavior Unfortunately many consumers have no or little knowledge of budgeting financial products and financial planning It is therefore important that organizations and market authorities know why consumers spend borrow insure invest and save for their retirement or why they do not Understanding Consumer Financial Behavior provides a systemic economic and behavioral approach to the way people handle their finances It discusses the different types of financial behaviors consumers may engage in and explores the psychological explanations for their behavior and choices This exciting new book is essential reading for scholars of marketing finance and management financial professionals and consumer policy makers

Citizen Participation in Planning M. Fagence,2014-06-28 The author's aim has been to draw together the threads of political and social science and of sub specialisms within those broad areas of study and to interpret them in the context of urban and regional planning Consideration is given to various interpretations of decision making in a democracy to representation and the public interest to the opportunities for citizen participation in the planning process to the range of potential participants their motivation and competence to the means which may be employed to secure different levels of citizen involvement and to the impediments to meaningful participation Therefore this book will contribute to the closing of the existing gap between theory and practice by drawing together a diversity of themes from political science philosophy and psychology community theory and regional science rendering them comprehensible in the context of planning
