Socrates In Love:

Socrates In Love (Manga) Kyoichi Katayama,2005-10-11 Romance blossoms between an average high school guy and a beautiful girl but the romance takes a bitter turn when the girl falls ill with leukemia *Socrates in Love* Armand D'Angour,2019-03-07 An innovative and insightful exploration of the passionate early life of Socrates and the influences that led him to become the first and greatest of philosophers Socrates the philosopher whose questioning gave birth to the ideas of Western thought and whose execution marked the end of the Athenian Golden Age Yet despite his pre eminence among the great thinkers of history little of his life story is known What we know tends to begin in his middle age and end with his trial and death Our conception of Socrates has relied upon Plato and Xenophon men who met him when he was in his fifties and a well known figure in war torn Athens There is mystery at the heart of Socrates story what turned the young Socrates into a philosopher What drove him to pursue with such persistence at the cost of social acceptance and ultimately of his life a whole new way of thinking about the meaning of existence In this revisionist biography Armand D Angour draws on neglected sources to explore the passions and motivations of young Socrates showing how love transformed him into the philosopher he was to become What emerges is the figure of Socrates as never previously portrayed a heroic warrior an athletic wrestler and dancer and a passionate lover Socrates in Love sheds new light on the formative journey of the philosopher finally revealing the identity of the woman who Socrates claimed inspired him to develop ideas that have captivated thinkers for 2 500 years *Socrates in Love* Christopher Phillips,2011-01-17 Phillips takes philosophy out of the ivory tower and into the street Los Angeles Times Christopher Phillips goes to the heart of philosophy and Socratic discourse to discover what we re all looking for the kind of love that makes life worthwhile That is love not defined only as eros or erotic love but in all its classical varieties Love of neighbor love of country love of God love of life and love of wisdom each is clarified and invigorated in Phillips s Socratic dialogues with people from all walks of life and from all over the world **The Philosophy of (erotic) Love** Robert C. Solomon,Kathleen Marie Higgins,1991 Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display of wisdom that the world s best thinkers have brought and continue to bring to the study of love *Socrates on Love* Socrates,1904* *Love* Pietro Archiati,2025-04-21 The word love has become so hackneyed that it can mean almost anything Yet the concept or idea of love remains one of most unfathomable mysteries of human life Here in five carefully sculpted chapters Pietro Archiati takes up the challenge to illuminate and expand upon our understanding of this most fundamental and unique quality of human existence beginning with the great themes of Love and Hate the salt and pepper of life and concluding with Realism and Idealism Is it really possible to love the whole of humanity And how do we balance individual freedom with the ideal of fraternity Along this journey the author asks and addresses numerous questions such as What are the causes of sympathy

and antipathy and is love more than a feeling What do masculine and feminine really mean today and what role does sexuality play in freedom What value is the heart without the head and the head without the heart And what do the great religions in particular Islam and Christianity have to say on these subjects Archiati tackles the difficult and problematic topics of Love and Sexuality Love and Death and Love and Reason As a special focus he investigates the logic of the heart and what it can mean for humanity s future development

Atheism and Love in the Modern Era Colby Dickinson,2025-04-17 Discussing the decline of faith and the rise of love in the modern era Colby Dickinson proposes a critique of religious belief which addresses how a secular world can continue to mine religious traditions for their conceptual and emotional riches Atheism and Love in the Modern Era argues that theism and atheism taken together can peel back the layers of abstraction alienation and disillusionment that always accompany our humanity in order to help us really see how it is to exist in this world To illuminate this vision Dickinson takes up the notion of love as a cultivation and practice of indifference as a letting go of one s identity a crucial concept that unites both religion and atheism through a concerted effort to detach from them both The book is organized into four sections each situating the concept of love in relation to a distinct theme the first outlines modern secularized versions of various religious concepts such as technology in the place of miracles or art in the place of religious revelation The second argues that in a pluralistic world the actual lived realities of various religious communities and persons defy the static categories and classifications grouped under the umbrella of religion The third section discusses and defines non absolute love The fourth section discusses how atheism in its critiques of religion misses the significance of de centring the act of love Dickinson elaborates his reflections through lucid engagement with a variety of thinkers including i ek Agamben Irigaray Derrida Erich Fromm Charles Taylor and Philip Kitcher This is essential reading for those interested in popular debates around theism and atheism as well as those concerned with the ways in which continental and analytic philosophy have addressed the continued significance of religious traditions

Love and Its Meaning in the World Rudolf Steiner,1998 Although Steiner did not often speak or write about love explicitly love is at the very heart of his whole body of work and the foundation of his hopes for humankind and the Earth Steiner teaches that without love nothing is possible with love however we can do everything Love is always love of the not yet To love is to create it is to selflessly enter the current of time that flows toward us from the future Reality true knowledge of reality is impossible without love Only through love can we truly know as we are know can we encounter the world and its beings in a living way Without love knowledge becomes manipulation domination control the world becomes a space of dead things But when we know through love we enter into a pattern of dynamic potentially redemptive relations and the world becomes a living world of beings working for the good This collection gathers all of Rudolf Steiner s main lectures and writings related to love From earthly love to the nature and function of spiritual love these pieces are essential reading for anyone concerned with the future of humanity and the Earth Love and Its Meaning in the World is essential reading for anyone who d like to gain a

deeper understanding of our true mission as human beings and the purpose of evolution on Earth Chapters include The Division of the Sexes Lucifer and Christ The Mission of Reverence The Buddha s Teaching of Compassion and Love Faith Love and Hope Love without spiritual love nothing spiritual can arise in evolution When we practice love cultivate love creative forces pour into the world For human beings love is the most important fruit of experience in the sensory world Once we really understand the nature of love or compassion we will find that love is the way spirit expresses its truth in the world of the senses We may even say that in love the spiritual world awakens in the physical The more truly a soul inhabits the spiritual worlds the more it experiences lovelessness and lack of compassion as a denial of spirit itself Rudolf Steiner

Socrates in Love 1 Kyoichi Katayama,2005-10 Romance blossoms between an average high school guy and a beautiful girl but the romance takes a bitter turn when the girl falls ill with leukemia

The Structures of Love James Penney,2012-04-28 Both Freud and Lacan defined the transference as the ego s last stand its final desperate attempt to keep the truth of the unconscious at bay Both also viewed the transference as a social phenomenon In The Structures of Love James Penney argues that transference is the concept with which psychoanalysis thinks through the unconscious demands that circumscribe and can sabotage our creative initiatives in the arts and politics Penney suggests a method of cultural analysis that enables us to identify the transformative potential of genuine artistic and political acts He stages a dialogue between Lacan s psychoanalysis and the philosophy of Alain Badiou includes chapters on Frantz Fanon and Jean Genet Chantal Akerman and Lucien Freud and explores the aesthetic political and ethical consequences of the transference idea pushing it into exciting new territory

Love and Its Objects C. Maurer,T. Milligan,K. Pacovská,2014-09-25 This collection of essays on the philosophy of love by leading contributors to the discussion places particular emphasis on the relation between love its character and appropriateness and the objects towards which it is directed romantic and erotic partners persons ourselves strangers non human animals and art

Love's Virtues Mike W. Martin,1996 This book brings together a sensitive understanding of love and an unusually careful even painstaking analysis of the enormous but often neglected role of morality and the virtues in love Martin s discussions of such virtues as caring courage fidelity and honesty are superb the examples well chosen the argument personal but nevertheless rigorous the prose accessible and enjoyable to read

The Communism of Love Richard Gilman-Opalsky,2020-12-01 Exploring the meanings and powers of love from ancient Greece to the present day Richard Gilman Opalsky argues that what is called love by the best thinkers who have approached the subject is in fact the beating heart of communism understood as a way of living not as a form of government Along the way he reveals with clarity that the capitalist way of assigning value to things is incapable of appreciating what humans value most Capitalism cannot value the experiences and relationships that make our lives worth living and can only destroy love by turning it into a commodity The Communism of Love follows the struggles of love in different contexts of race class gender and sexuality and shows how the aspiration for love is as close as we may get to a universal communist aspiration
